Malibu Public Safety Commission
Regular Meeting Agenda

Wednesday, September 2, 2026

5:00 P.M.
City Hall – Multi-Purpose Room
23825 Stuart Ranch Road

Call to Order

Roll Call

Pledge of Allegiance

Approval of Agenda

Report on Posting of Agenda – August 27, 2026

1. Ceremonial / Presentations

None.

2. Written and Oral Communications from the Public and Commissioners

A. Communications from the Public concerning matters which are not on the agenda but for which the Commission has subject matter jurisdiction. The Commission may not act on these matters at this meeting.

B. Staff updates.

C. Commissioner reports, comments and inquiries.

3. Consent Calendar

A. Previously Discussed Items

None.

B. New Items

1. Approval of Minutes

Recommended Action: Approve minutes for the Public Safety Commission Special Meeting of January 14, 2026, and the Regular Meeting of February 4, 2026.
Regular Meeting of August 5, 2026

4. Old Business

None.

5. New Business

A. Proposed Wildfire Mitigation Strategies

Recommended Action: 1) Receive a report on proposed wildfire mitigation strategies; and 2) Provide feedback to staff; and 3) Make a recommendation to the City Council if appropriate.

Staff Contact: Emergency Services Manager Flores, 456-2489, ext. 313

B. Public Safety Agency Monthly Activity Report

Recommended Action: Discuss recent Public Safety Agency activities and receive and file the monthly reports for July 2026 from the California Highway Patrol, Los Angeles County Sheriff's Department, and the June 2026 report from the Los Angeles County Fire Department.

Staff Contact: Public Safety Director Dueñas, 456-2489, ext. 313

C. Homeless Services Monthly Report

Recommended Action: Discuss recent homeless services activities and receive and file the monthly report for July 2026 from The People Concern.

Staff Contact: Public Safety Manager Flores, 456-2489, ext. 236

D. Parking Enforcement Monthly Report

Recommended Action: Discuss recent parking enforcement activities and receive and file the monthly report for May, June and July 2026 from the LAZ Parking Enforcement Team.

Staff Contact: Public Safety Manager Flores, 456-2489, ext. 236

Adjournment

Future Meetings

Wednesday, September 2, 2026	5:00 p.m.	Regular Meeting	City Hall Multi-Purpose Room
Wednesday, October 7, 2026	5:00 p.m.	Regular Meeting	City Hall Multi-Purpose Room
Monday, November 4, 2026	5:00 p.m.	Regular Meeting	City Hall Multi-Purpose Room

Guide to the City Commission Proceedings

The Written Communication portion of the agenda is for members of the public to submit email correspondence to Recording Secretary at PublicSafety@malibucity.org before the meeting begins.

The Oral Communication portion of the agenda is for members of the public to present items which are not listed on the agenda, but are under the subject matter jurisdiction of the Commission. Although no action may be taken, the Commission and staff will follow up, at an appropriate time, on those items needing response. Each speaker is limited to (3) three minutes. Time may be surrendered by deferring one (1) minute to another in-person speaker, not to exceed a total of eight (8) minutes. The speaker wishing to defer time must be present when the item is heard and their form must be submitted with the speaker form for the individual they are deferring time to. In order to be recognized and present an item, each speaker must complete and submit to

the Recording Secretary a Request to Speak form *prior* to the beginning of the item being announced by the Chair (forms are available at the entrance to the meeting room). Speakers are taken in the order slips are submitted or hands are raised.

Items in Consent Calendar Section A have already been considered by the Commission at a previous meeting where the public was invited to comment, after which a decision was made. These items are not subject to public discussion at this meeting because the vote taken at the previous meeting was final. Resolutions concerning decisions made at previous meetings are for the purpose of memorializing the decision to assure the accuracy of the findings, the prior vote, and any conditions imposed.

Items in Consent Calendar Section B have not been discussed previously by the Commission. If discussion is desired, an item may be removed from the Consent Calendar for individual consideration. Commissioners may indicate a negative or abstaining vote on any individual item by so declaring prior to the vote on the motion to adopt the entire Consent Calendar. Items excluded from the Consent Calendar will be taken up by the Commission following the action on the Consent Calendar. The Commission first will take up the items for which public speaker requests have been submitted. Public speakers shall follow the rules as set forth under Oral Communication.

Items in Old Business are items which have appeared on previous agendas but have either been continued or tabled to this meeting with no final action having been taken. Public comment shall follow the rules as set forth under Oral Communication.

Items in New Business are items which are appearing for the first time for formal action. Public comment shall follow the rules as set forth under Oral Communication.

The Role of the Presiding Officer of the Commission, who shall be the Chair, shall be responsible for maintaining the order and decorum of meetings. It shall be the duty of the presiding officer to ensure that these rules of procedure and decorum are followed at all times. The presiding officer shall maintain control of communication between Commissioners, between the Commission and the public, and chair each meeting in a fair and impartial manner. It shall be the duty of each Commissioner to support the presiding officer in maintaining the order and decorum of Commission meetings.

Members of the Audience shall not engage in disorderly or boisterous conduct, including clapping, whistling, stamping of feet, or other acts which disturb, disrupt, impede or otherwise disturb the orderly conduct of the Commission meeting. Persons addressing the Commission shall not engage in disorderly conduct which disrupts, or otherwise impedes the orderly conduct or Commission meetings. Any person who so disrupts a Commission meeting may, at the discretion of the presiding officer or a majority of the Commission, be subject to ejection from that meeting.

Copies of the staff reports or other written documentation relating to each item of business described above are on file in the Public Safety Department, Malibu City Hall, 23825 Stuart Ranch Road, Malibu, California and are available for public inspection during regular office hours, which are 7:30 a.m. to 5:30 p.m., Monday through Thursday, and 7:30 a.m. to 4:30 p.m., Friday. Written materials distributed to the Commission within 72 hours of the Commission meeting are available for public inspection immediately upon distribution (Government Code Section 54957.5(b)(2). Copies of staff reports and written materials may be purchased for $0.10 per page. Pursuant to State law, this agenda was posted at least 72 hours prior to the meeting.

The City Hall phone number is (310) 456-2489. To contact City Hall using a telecommunication device for the deaf (TDD), please call (800) 735-2929 and a California Relay Service operator will assist you. In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact Yolanda Bundy, Community Development Director, at (310) 456-2489, ext. 229. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. [28 CFR 35.102-35.104 ADD Title II].

Requests to show an audio or video presentation during a Commission meeting should be directed to the Recording Secretary at PublicSafety@malibucity.org. Material must be submitted by 12:00 p.m. on the meeting day.

I hereby certify under penalty of perjury, under the laws of the State of California, that the foregoing agenda was posted in accordance with the applicable legal requirements. Regular and Adjourned Regular meeting agendas may be amended up to 72 hours in advance of the meeting. Dated this 27rd day of August 2026, at 5:30 p.m.

Carole Myers, Administrative Assistant

Public Safety Commission Meeting 09-02-26
Item 3.B.1.

Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Prepared by: Carole Myers, Public Safety Administrative Assistant

Approved by: Susan Dueñas, Public Safety Director

Date Prepared: August 27, 2026 Meeting Date: September 2, 2026

Subject: Approval of Minutes

RECOMMENDED ACTION: Approve minutes for the Public Safety Commission, Special Meeting of January 14, 2026, and the Regular Meeting of February 4, 2026 and Regular Meeting August 5, 2026.

DISCUSSION: Staff have prepared draft minutes for the Public Safety Commission January 14, 2026, Special Meeting, their February 4, 2026 Regular Meeting, and August 5, 2026 Regular Meeting and hereby submits the minutes to the Commission for approval.

ATTACHMENTS:

1. Draft January 14, 2026 Public Safety Commission Special Meeting Minutes
2. Draft February 4, 2026 Public Safety Commission Regular Meeting Minutes
3. Draft August 5, 2026 Public Safety Commission Regular Meeting Minutes

MINUTES
PUBLIC SAFETY COMMISSION
SPECIAL MEETING
JANUARY 14, 2026
MALIBU CITY HALL – MULTI-PURPOSE ROOM
5:00 P.M.

CALL TO ORDER

Chair Spiegel called the meeting to order at 5:04 p.m.

ROLL CALL

The following persons were recorded in attendance by the Recording Secretary:

PRESENT: Chair Joshua Spiegel; Vice Chair Brian Merrick; Commissioners Alexis Aria, Chris Frost, and Keegan Gibbs; and Ex-Officio Member Woodworth.

ALSO PRESENT: Susan Dueñas, Public Safety Director; Tyler Eaton, Deputy Community Development Director; Sarah Flores, Emergency Services Coordinator; Luis Flores, Senior Management Analyst; Sergeant Christopher Soderlund, Los Angeles County Sheriff's Department; and Noah Tyler Tabbay, Administrative Assistant.

PLEDGE OF ALLEGIANCE

Kevin Keegan led the Pledge of Allegiance.

APPROVAL OF AGENDA

CONSENSUS

By consensus, the Commission moved to approve the agenda, hearing Item No. 5.A. after Item No. 2.A.

REPORT ON POSTING OF AGENDA

Administrative Assistant Tabbay reported that the agenda for the meeting was properly posted on January 2, 2026.

ITEM 1 CEREMONIAL / PRESENTATIONS

None.

ITEM 2.A. PUBLIC COMMENTS

Kevin Keegan inquired if the City staff has been able to test the Emergency Alert System (EAS) pilot test, more specifically the Alert FM, radios, or the mobile siren in neighborhoods; if not, when would those systems be tested and if Richard Garvey has been involved with the pilot tests. He inquired about the emergency evacuation plan update and if there is a follow up tabletop exercise with school officials. He reported that the Pacific Coast Highway (PCH) quick-build roundabout project, led by the City's Public Works Department, has been appealed and is expected to be considered by the

City Council on either January 26 or February 9. He expressed concern regarding the potential impacts of the project on traffic safety and emergency evacuation operations along PCH. He stated that emergency response agencies were not represented during the City's Planning Commission's meeting to discuss the project in December and emphasized the importance of obtaining input from public safety professionals regarding the proposal. He requested that representatives from the Los Angeles County Fire Department (LACoFD) and the Los Angeles County Sheriff's Department (LASD) attend the City Council hearing on the appeal to provide expertise and respond to questions related to traffic safety, emergency access, and evacuation procedures along the PCH corridor. He stated that as a part of his role on the City's Public Works Commission, he is working with Public Works Director Rob BuBoux on a comprehensive review of the regional water system and the $200 million project that LA County and Waterworks District 29 has proposed. He noted the emergency response water supply system failure during the Palisades Fire. He stated that there is great interest from the community in reassessing the design of the water resilience system and the wildland urban interface within their neighborhoods. He has requested that the City's Public Safety Department (Public Safety) and the Commission agendize the topic for a future meeting in 2026. He stated that the Malibu/Lost Hills Sheriff's Station is expanding the drone systema and has established a camera registry system, but he noted that there is no public discussion or debate regarding the increased risk of surveillance with the expansion of the cameras and AI supported monitoring, tracking, and profiling systems. He is asking for the Public Safety and the Commission to organize a special technology subcommittee in 2026 to assess technology adoption trends and report on the current risks to citizen's constitutional rights to be secure in their houses. He mentioned that the School Resource Officer (SRO) program is off with a very positive start and noted that efforts of the schools, Public Safety, and the community to get the program started. He inquired if a year two plan has been started for the SRO program and if it is possible to share an update of the SRO program with the City Council and one of their regular meetings before the end of the school year.

Georgia Goldfarb states that she does not support the roundabout projects since she is questioning their effectiveness, especially during evacuations where the roundabout could impede in the evacuation operations. She states that the City could consider slowing down development due to the City being in a Wildland Urban Interface (WUI) and being in a susceptible area for wildfires. She states that with the undergrounding project, she has found that the transformers would not be undergrounded. She added that oil-based transformers are more susceptible to fires and have toxins that can leak out or burn. She stated that we could ask for dry transformers, though they are more expensive than the current oil-based ones. She is requesting the transformers to not be at the point of egress to an area, even if they are underground. In the topic of home hardening, she states that based on a study, the three critical elements of home hardening are dual pane windows, vent covers, and boxed eaves. She adds that she is in support of grants, no interest loans, exterior water sprinklers, the removal of invasive grass types, micro grids.

ITEM 2.B. STAFF COMMENTS

Public Safety Director Dueñas updates regarding the General Plan Safety Element Update and the City's Speed Safety Camera Program. She reported that staff are currently conducting interviews to select a vendor for the speed camera system and anticipates executing a contract within the coming month. She explained that, once a contract is awarded, implementation is expected to take approximately 100 days before the system becomes operational. She stated that the program will initially enter a warning phase before citations are issued and noted that staff are working toward having the system operational by Memorial Day, with full implementation anticipated during the summer months. She stated that the City remains on track with implementation efforts and noted that several California jurisdictions began similar programs earlier, including San Francisco and Oakland. She further reported that, despite staffing and resource constraints, staff has continued to advance the program and remains on schedule to meet project milestones. She also provided an update on the City's evacuation plan update. She reported that a community survey is currently available and encouraged residents to provide feedback. She explained that the next phase of the project will involve preparing a draft evacuation plan and conducting an exercise with agency partners to evaluate and refine the draft before public release. She states that following the exercise process, staff plans to hold community meetings to gather additional public input and familiarize residents with the proposed evacuation strategies and procedures. She stated that staff intends to incorporate feedback from both agency partners and community stakeholders prior to finalizing the updated plan. She also stated that the speed safety camera program and evacuation plan update are currently among the department's primary initiatives.

Emergency Services Coordinator Flores reported that the City's After-Action Report has recently been completed and is undergoing a final review by City management. She stated that the report is expected to be released to the public in the near future. She provided an update on the Evacuation Plan Update and announced that a community workshop is scheduled for March 11, 2026, from 6:00 p.m. to 9:00 p.m. in the City Council Chambers to gather public input and feedback. She further stated that a tabletop exercise with agency partners is scheduled for March 12 to evaluate and refine the draft evacuation plan. She also reported that staff have been actively preparing for Emergency Operations Center (EOC) activations and explained that, following the Palisades Fire, several modifications were made to the EOC. She noted that upcoming training efforts will focus on familiarizing City staff with the operational changes and updated activation protocols.

Senior Management Analyst Flores reported that the City's annual homeless count is scheduled for the following Thursday, with staff and volunteers meeting at City Hall before deploying throughout assigned census tracts across Malibu to conduct the count. He also provided an update on the security services contract for Legacy Park and Bluffs Park and stated that the program has been operating successfully since its implementation in early December and that security personnel continue to work in coordination with the LASD, City staff, and the outreach team. He explained that security personnel report incidents requiring LASD involvement and maintain regular patrols at both parks. He noted that staff may explore potential expansion of the contract or a future competitive procurement process, consistent with City Council's direction. Regarding homeless outreach services efforts, he reported that 44 homeless encampments were cleared during

the previous year and that 46 individuals were successfully placed into housing. He commended the outreach team for its continued efforts. He provided an update on parking enforcement activities, reporting positive program performance and noting that parking enforcement operations continue to generate significant activity and revenue through the issuance of citations and related enforcement efforts.

ITEM 2.C. COMMISSIONER COMMENTS

Commissioner Gibbs thanked Public Safety and the Commission for allowing him to be a part of a greater opportunity. AT this time, Commission Gibbs stated that this meeting is his last meeting, indicating his Commission resignment.

Commissioner Aria reported that several parents in the Point Dume area had expressed concerns regarding traffic enforcement and the issuance of speeding citations near schools. She noted that law enforcement presence and traffic controls in the area are intended to enhance the safety of children and pedestrians. She also relayed concerns from female employees of Ralph's store who reportedly feel unsafe walking to their vehicles late at night due to inadequate lighting in the parking lot. She stated that residents have requested the City explore opportunities to improve lighting conditions in the area to enhance public safety. She further reported receiving correspondence regarding several incidents of insurance fraud and noted concerns that such activity may negatively affect individuals who rely on insurance coverage during times of need. She stated that she had also received complaints regarding littering at local gas stations, specifically that motorists are leaving trash on the ground rather than disposing of it in trash cans and has encouraged enforcement of the littering law. Additionally, she expressed concerns regarding brush clearance around the Smith property, located near Civic Center and Webb Way, noting that dry conditions, accumulated vegetation, and large tumbleweeds in the area present a potential fire hazard due to the property being so close to surrounding buildings. She stated previous fire activity in the area and emphasized the importance of continued maintenance efforts. She stated that she had received correspondence from residents suggesting the City explore additional measures to deter and penalize unethical conduct related to post-disaster recovery efforts. She noted that the matter would require further legal review and policy consideration.

ITEM 3 CONSENT CALENDAR

None.

ITEM 4 OLD BUSINESS

None.

ITEM 5 NEW BUSINESS

A. General Plan Safety Element Update

Recommended Action: 1) Receive a presentation on the draft update to the Safety Element of the General Plan, and 2) Provide feedback for consideration.

Susan presented the Staff report.

Chair Spiegel opened the floor to public comment.

Speakers: Councilmember Steve Uhring, Lucile Keller, and Art Kelly.

As there were no other speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff.

B. Public Safety Agency Monthly Activity Report

Recommended Action: Discuss recent Public Safety Agency activities and receive and file the monthly activity reports for October and November 2025 from the California Highway Patrol, the Los Angeles County Fire Department, the Los Angeles County Fire Department's Lifeguard Division, and the Los Angeles County Sheriff's Department.

Susan presented the Staff report.

Malibu VOP Team Leader Russo presented on the Malibu VOP program updates.

Sergeant Soderlund presented the previous month's crime statistics report and notable incidents.

Chair Spiegel opened the floor to public comments. As there were no speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff, Sergeant Soderlund, and Mark Russo.

The Commission received and filed the monthly activity reports for October and November 2025 from the California Highway Patrol, the Los Angeles County Fire Department, the Los Angeles County Fire Department's Lifeguard Division, and the Los Angeles County Sheriff's Department.

C. Homeless Services Monthly Report

Recommended Action: Discuss recent homeless services activities and receive and file the monthly report for October and November 2025 from The People Concern.

Luis presented the Staff report.

Chair Spiegel opened the floor to public comments. As there were no speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff.

The Commission received and filed the monthly report for October and November 2025 from The People Concern.

D. Parking Enforcement Monthly Report

Recommended Action: Discuss recent parking enforcement activities and receive and file the monthly report for October and November 2025 from the LAZ Parking Enforcement Team.

Luis presented the Staff report.

Chair Spiegel opened the floor to public comments. As there were no speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff.

The Commission received and filed the monthly report for October and November 2025 from the LAZ Parking Enforcement Team.

ADJOURNMENT

Chair Spiegel adjourned the meeting at 7:17 p.m.

Approved and adopted by the Public Safety Commission of the City of Malibu on September 2, 2026.

REGULAR MEETING
FEBRUARY 4, 2026
MALIBU CITY HALL – MULTI-PURPOSE ROOM
5:00 P.M.

CALL TO ORDER

Chair Spiegel called the meeting to order at 5:03 p.m.

ROLL CALL

The following persons were recorded in attendance by the Recording Secretary:

PRESENT: Chair Joshua Spiegel; Vice Chair Brian Merrick; Commissioner; Alexis Aria; and Ex-Officio Member Woodworth.

ABSENT: Commissioner Chris Frost.

ALSO PRESENT: Susan Dueñas, Public Safety Director; Tyler Eaton, Deputy Community Development Director; Sarah Flores, Emergency Services Coordinator; Luis Flores, Senior Management Analyst; Bradley Yocum, Fire Safety Liaison; Sergeant Christopher Soderlund, Los Angeles County Sheriff's Department; Mark Russo, Malibu VOP Team Leader; and Noah Tyler Tabbay, Administrative Assistant.

PLEDGE OF ALLEGIANCE

Tracy Weirick led the Pledge of Allegiance.

APPROVAL OF AGENDA

MOTION Vice Chair Merrick moved, and Commissioner Aria seconded a motion to approve the agenda. The question was called and the motion carried 3-0, with Commissioner Frost absent.

REPORT ON POSTING OF AGENDA

Administrative Assistant Tabbay reported that the agenda for the meeting was properly posted on January 29, 2026.

ITEM 1 CEREMONIAL / PRESENTATIONS

None.

ITEM 2.A. PUBLIC COMMENTS

Tracy Weirick, HOA Manager for the Malibu West Beach Club and the Malibu West Fire Safe Council, announced the launch of the Malibu Ready app in partnership with the City of Calabasas. She explained that the app provides preparedness information and resources and is not intended to serve as an emergency alert or response system. The app includes

information on earthquakes, power outages, wildfires, home hardening, emergency supplies, and Neighborhood Watch programs. She stated that future updates may include Firewise community-specific resources. She also announced that a Wise and Ready event will be held on March 5 at noon to assist residents with downloading and using the app. The event is open to all community members, and personnel from Fire Station 70 are expected to attend and distribute weather radios. Ms. Weirick thanked Public Safety Director Dueñas for reviewing the app and noted that feedback and suggestions from the community are welcome.

Anne Komarovsk addressed the Commission. She stated that she had been informed earlier that day by the Los Angeles County Registrar that she had obtained sufficient signatures to qualify for the June primary ballot for 2026 California Governor election and noted that her campaign efforts began in August and September. She identified herself as a nonpartisan gubernatorial candidate. Ms. Komarovsk also spoke regarding a proposed fire watch radio program, which would involve installing alert devices in new residential construction at an estimated additional cost of $24 per home. She described the devices as similar to smoke detectors, capable of receiving alerts through satellite or cellular networks and providing notifications via a phone or display. Additionally, if elected, she suggested a four-year suspension of vehicle registration fees as a measure to address broader issues referenced on the agenda. She expressed concern about recent traffic-related fatalities within the community and urged that such incidents be discussed openly, noting the limitations of relying solely on prior Sheriff's reports and emphasizing the immediacy of current public safety concerns.

Kevin Keegan provided an update regarding the School Resource Officer (SRO) program. He stated that a lack of information can lead to misinformation and noted the importance of the SRO's service to all Malibu schools, highlighting the relationships established with each campus through ongoing engagement. Mr. Keegan extended gratitude to Chair Spiegel on his comments at the last Commission meeting regarding having the school principals participate in the City Evacuation Plan Update tabletop exercise. He also referenced the City Council's 2025 direction to the City's Public Safety Department (Public Safety) to conduct a citywide public warning test. He noted that the Public Works Department (PWD) has identified telecommunications as a 2026 priority and recommended that the Commission and Public Safety complete the pilot test before presenting the matter to the City Council for consideration.

ITEM 2.B. STAFF COMMENTS

Public Safety Director Dueñas provided an update on Alert FM, noting the leadership changes, related costs, and the City's continued communication with the vendor while awaiting for the new City Manager. She reported that the mid-year budget review is scheduled for February 18, and that the After-Action Report will be included with the February 18 City Council meeting agenda, with a presentation to the Commission anticipated at its next meeting. She further reported that the Safety Element is scheduled to be considered by the Planning Commission next month. Director Dueñas noted that Commissioner Frost was absent due to a medical emergency and will be recognized by

the City Council on Monday. She also reported that staff are finalizing a contract with the vendor for speed cameras, with the contract expected to go to the City Council in March.

Emergency Services Coordinator Flores reported that in January, Public Safety conducted Emergency Operations Center (EOC) training for City staff regarding EOC procedures and recent updates. She further reported that the City has received a draft agreement from the City of Los Angeles regarding the mobile siren trailers, which is currently under review by the City Attorney, and stated that staff is working to secure indoor storage for the sirens and will continue to provide updates to the Commission.

Senior Management Analyst Flores reported that the bid for Park Security Services remains open and stated that it is scheduled to close later this month. He also reported that the City recently conducted the Homeless Count with the Los Angeles Homeless Services Authority (LAHSA) with preliminary results showing 44 individuals within the City, the lowest count recorded since the City began participating, and noted the strong coordination involved.

Fire Safety Liaison Yocum provided an update on the Firewise communities, reporting that 13 communities remain in good standing and that six additional communities are in the application queue, including Malibu Colony. He reported that Home Wildfire Assessments (HWAs) are being offered to homeowners' associations and communities through Firewise meetings. He further reported that recent rainfall has contributed to favorable Live Fuel Moisture (LFM) levels, with the current level at 166 percent and is trending upward, but he noted that continued drying could create future fire concerns. He encouraged homeowners to complete Home Wildfire Assessments, noting that 740 HWAs are not enough, and added that a Firewise PowerPoint presentation is available with links and information on how to sign up for HWAs.

ITEM 2.C. COMMISSIONER COMMENTS

Vice Chair Merrick requested staff to start developing a parking app that would inform the public where parking is available. He stated that relying on ticketing alone would not resolve parking issues and could create additional concerns with the Coastal Commission. He noted that he raised the issue for approximately 1,460 days, which includes his time on the Public Works Commission, and expressed frustration that prior discussions have not resulted in progress. He urged the City to move forward a parking app solution.

Ex-Officio Member Woodworth stated that he would like to review the After-Action Report and emphasized the importance of ensuring such reports are honest, transparent, and complete, regardless of whether the findings are favorable or unfavorable. He referenced past concerns with redacted reports following the Woolsey Fire and noted that transparency was a key reason the independent Catalyst for Change report was issued. He also commended the City of Calabasas for distributing handheld radios to residents as an additional communication tool for disaster preparedness, noting that the effectiveness of the handheld radios is dependent on the terrain and network repeater availability. He further reported that four newer Community Fire Brigade trucks are equipped with

synchronized, high-decibel public announcement (PA) systems capable of broadcasting evacuation messages simultaneously across different areas, providing another tool to notify residents during emergencies.

Chair Spiegel requested that a Public Works representative attend a future meeting to provide updates and answer questions regarding projects affecting public safety in the City, including the timeline for Pacific Coast Highway (PCH) repairs, SCE circuit undergrounding work along PCH, the Zuma underpass, and the traffic signal synchronization project. He noted that although the signal synchronization project had become operational, it did not appear to be significantly improving traffic conditions. He also asked for clarification regarding indoor storage requirements for the mobile siren trailers, including whether a CONEX or similar shipping container could be used.

Commissioner Aria expressed concern regarding the long-standing safety issues on Malibu Canyon Road, noting that fatal collisions have occurred over many years. She adds that she has advocated for the installation of guardrails, K-rails, and other roadway safety improvements where feasible, and urged continued coordination among the multiple jurisdictions that are responsible for the canyon passages. She also encouraged the City and partner agencies to pursue safety enhancements on canyon roads, citing recent fatal incidents, including one on Decker Canyon Road. Commissioner Aria stated that preventing fatalities should remain a priority and emphasized the importance of identifying and addressing hazardous roadway conditions. She raised concerns regarding reports of individuals allegedly associated with the Islamic Revolutionary Guard Corps (IRGC) residing in Malibu. Commissioner Aria also reported that residents continue to request additional evacuation options, including marine-based evacuation routes utilizing small vessels, larger boats, or ferries. She encouraged the consideration of evacuation alternatives and measures to strengthen community preparedness and emergency response capabilities.

ITEM 3 CONSENT CALENDAR

None.

ITEM 4 OLD BUSINESS

None.

ITEM 5 NEW BUSINESS

A. Parking Enforcement Service Level Review

Recommended Action: 1) Receive a report on the City's parking enforcement service level, and 2) Provide feedback and recommendations on any service level changes prior to a proposed contract renewal, if appropriate.

Luis presented the Staff report.

Ervin Sanchez, Supervisor for the Malibu LAZ Parking Enforcement team, presented the team's progress and performance comparisons to other City contracts that LAZ currently operates in.

Chair Spiegel opened the floor to public comment.

Speakers: Anne Komarovsk.

As there were no other speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff and LAZ Parking.

MOTION Chair Spiegel moved to recommend adding another full time LAZ Parking Enforcement Officer for year-round and to add two additional part-time Parking Enforcement Officer during the peak seasons from Memorial Day to Labor Day.

The motion died on the floor due to a lack of a second.

CONSENSUS By consensus, the Commission recommends adding another full-time LAZ Parking Enforcement Officer for year-round operations and adding an additional part-time/ seasonal Parking Enforcement Officer for hybrid operations of parking enforcement and towing operations during the peak seasons from Memorial Day to Labor Day.

B. Public Safety Agency Monthly Activity Report

Recommended Action: Discuss recent Public Safety Agency activities and receive and file the monthly activity reports for December 2025 from the California Highway Patrol, the Los Angeles County Fire Department, the Los Angeles County Fire Department's Lifeguard Division, and the Los Angeles County Sheriff's Department.

Susan presented the Staff report.

Malibu VOP Team Leader Russo presented on the Malibu VOP program updates.

Sergeant Soderlund presented the previous month's crime statistics report and notable incidents.

Chair Spiegel opened the floor to public comment.

Speakers: Anne Komarovsk and Jo Drummond.

As there were no other speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff, Sergeant Soderlund, and Mark Russo.

The Commission received and filed the monthly activity reports for December 2025 from the California Highway Patrol, the Los Angeles County Fire Department, the Los Angeles County Fire Department's Lifeguard Division, and the Los Angeles County Sheriff's Department.

C. Homeless Services Monthly Report

Recommended Action: Discuss recent homeless services activities and receive and file the monthly report for December 2025 from The People Concern.

Luis presented the Staff report.

Chair Spiegel opened the floor to public comment.

Speakers: Anne Komarovsk.

As there were no other speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff.

The Commission received and filed the monthly report for December 2025 from The People Concern.

D. Parking Enforcement Monthly Report

Recommended Action: Discuss recent parking enforcement activities and receive and file the monthly report for December 2025 from the LAZ Parking Enforcement Team.

Luis presented the Staff report.

Chair Spiegel opened the floor to public comments. As there were no speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff and LAZ Parking.

The Commission received and filed the monthly report for December 2025 from the LAZ Parking Enforcement Team.

ADJOURNMENT

Chair Spiegel adjourned the meeting at 6:46 p.m., with Commissioner Frost absent.

Approved and adopted by the Public Safety Commission of the City of Malibu on September 2, 2026.

ROLL CALL

The following people were recorded in attendance by the Recording Secretary:

PRESENT: Vice Chair Brian Merrick; Commissioners Alexis Aria, Richard Garvey, Meril May,

ALSO PRESENT: Susan Dueñas, Public Safety Director; Sarah Flores, Emergency Services Manager; Luis Flores, Public Safety Manager; Carrie Rios, Code Enforcement Manager, Bradley Yocum, Fire Safety Liaison, Sergeant Christopher Soderlund, Los Angeles County Sheriff's Department; Mark Russo, VOP, Austin Anderson, Senior Management Analyst and Carole Myers, Administrative Assistant.

PLEDGE OF ALLEGIANCE

Luis Flores led the Pledge of Allegiance.

APPROVAL OF AGENDA

CONSENSUS

By consensus, the Commission moved to approve the agenda, hearing Item No. 5.A. after Item No. 2.A.

REPORT ON POSTING OF AGENDA

Administrative Assistant Myers reported that the agenda for the meeting was properly posted on July 23,2026.

ITEM 1 CEREMONIAL / PRESENTATIONS

None.

ITEM 2.A. PUBLIC COMMENTS

Public Works Commission Chair Kevin Keegan provided comments on three items not on the agenda:

- Joint Commission Work: Mr. Keegan expressed appreciation for the Public Safety Commission's engagement on public safety issues, including safety on PCH, and encouraged continued collaboration between the commissions.
- Evacuation Planning: Mr. Keegan reported that, following the interagency tabletop exercise conducted by the Public Safety Department in March, the Malibu School Safety Committee requested a similar exercise for local public schools. School principals were

reportedly supportive. He asked commissioners to seek an update on the status of the proposed school evacuation tabletop exercise.

- Technology and Public Safety: Mr. Keegan encouraged the City to prioritize technology planning related to public safety, privacy, cybersecurity, and constitutional protections. He raised questions regarding the use of predictive policing and surveillance technologies and requested that the Public Safety Commission seek information from City staff and the Los Angeles County Sheriff's Department regarding such systems. He also expressed concern about cybersecurity threats to municipal water and energy infrastructure and suggested that the Public Safety Commission develop a digital responsibility policy for consideration by the City Council and submit related questions to City staff and the Sheriff's Department.

ITEM 2.B. STAFF COMMENTS

Public Safety Director Dueñas provided an update on emergency preparedness and other Public Safety Department activities. Staff reported that emergency incident management training and preparations for the upcoming fire season and anticipated El Niño weather conditions are underway. A preparedness exercise is planned for September to test the City's response to a significant rain event.
Staff also reported that the mobile sign trailers are nearing delivery, with minor electrical and installation details still being finalized. Planning for the upcoming Safety Resource Fair is progressing, with strong participation from vendors.
Staff provided an update on the Ready, Set, Malibu social media campaign, noting positive community response. Short preparedness videos are being released approximately every two weeks, covering various emergency preparedness topics.
Staff also reported that recruitment for a replacement staff member is progressing. The recruitment has closed, with numerous applicants received. Staff will narrow the candidate pool and conduct interviews on August 19.

Emergency Services Manager Flores introduced Leila Golden as the new Administrative Assistant supporting the Public Safety Department and the City's automated safety camera program. Golden shared that she recently joined the City from the County of Ventura and expressed enthusiasm about joining the team and supporting the program.

Emergency Services Manager Flores reported that the City's public education campaign for the automated safety camera system will begin this month, with outreach through social media and other communications. Installation of the camera system is ongoing, with Public Works coordinating with Pool Line Solutions and other involved parties. Staff stated that the goal is to have the system operational in late September, followed by the required 60-day warning period. Staff continue to finalize implementation details and prepare for the program's launch.

Staff further reported that an additional Management Analyst will be joining the Public Safety team to assist with the day-to-day administration of the automated safety camera program, including financial management and data-related responsibilities.

Regarding parking enforcement, staff reported that the department experienced some staff turnover during the summer, resulting in a temporary reduction in citations during June. Staff stated that the team is now fully staffed and that parking enforcement operations have returned to normal throughout the City. Staff also noted that issues affecting citation activity have been addressed.

Staff provided updates on upcoming City Council matters, including the school crossing guard contract, which is scheduled for presentation to the City Council on August 10, 2026. Staff also reported that amendments to the oversized vehicle ordinance are scheduled for discussion on August 24, 2026. The proposed amendments are intended to provide an additional enforcement tool for addressing ongoing food truck-related issues throughout the City. Staff further noted that a new ordinance will be proposed to address homelessness-related concerns in the library parking lot.

Brad Yocum Fire Safety Liaison reported that they continue to monitor live fuel moisture conditions, which are currently near critical levels at approximately 67 percent. Staff noted that recent coastal fog and cooler conditions have helped maintain moisture levels; however, Santa Ana winds and other dry conditions could significantly reduce fuel moisture and increase fire risk. Staff emphasized that vegetation remains receptive to firebrands and that significant fire advancement and substantial fires can still occur at current moisture levels. Staff will continue to closely monitor conditions, particularly as drier winds develop.

Staff also reported that the City is in the process of hiring an additional Fire Safety Liaison to provide additional support, with interviews anticipated to take place soon.

Commissioner Merrick asked a follow-up question regarding the number of residents utilizing the City's home wildfire assessment services. Staff reported that participation has been relatively low and stated that staff are working to increase awareness and participation in the program. Staff noted that approximately 750 assessments have been completed to date and emphasized the goal of having the entire City assessed. Staff reported that the City currently has 15 Firewise Communities, with two additional communities, including a community associated with Pepperdine University and the Point Dume Club, working toward participation. Staff explained that home wildfire assessments are being incorporated into the communities' three-year action plans.

Commissioner Merrick suggested that staff provide Firewise Communities and homeowners' associations with informational materials promoting the assessment program. Staff agreed and stated that increasing outreach will be a priority, particularly with the addition of a new Fire Safety Liaison. Staff also discussed expanding outreach through local schools by providing informational flyers for students to take home to their families. Staff noted that highlighting successful outcomes from previous wildfires, including properties in Big Rock and other areas that survived, could help demonstrate the value of wildfire preparedness and encourage residents to participate in assessments.

Commissioner May also raised concerns regarding hazardous palm trees located along the Melody Canyon area near HRL, noting that the trees have been identified by City fire safety professionals as a significant wildfire hazard and that the area has experienced

Commissioner May expressed support for the proposed tree removal and asked whether there were additional actions the Commission or City representatives could take to help advance the project. Staff recommended coordinating with Fire Safety Liaison Gabe, who has been working directly on the matter and would have the most current information. Staff reiterated that the hazardous palm trees have been a longstanding concern and that efforts are actively underway to address the issue.

Staff acknowledged the concern and reported that a grant application has been submitted for the removal of the trees, with support from the State and the Santa Monica-Malibu Unified School District, which owns the property. Staff explained that the proposed project would involve cutting larger portions of the trees on site to minimize soil disturbance and removing the palm fronds and other materials from the area. Staff stated that the project is anticipated to move forward in September, pending the outcome of the grant application.

Carrie Rios Code Enforcement manager reported that the Code Enforcement Division has fully transitioned to the Public Safety Division and is now located in the Zuma Room on the first floor of City Hall. Staff noted that the division shares a public counter with Environmental Services and Parking Enforcement, providing a location where community members can ask questions and report concerns.

Staff provided an update on the City's graffiti abatement program along Pacific Coast Highway (PCH), explaining that the program is focused on properties affected by the recent fires, many of which are vacant and contain walls subject to graffiti. The City is funding graffiti removal through April 12 and will continue monitoring and addressing graffiti at participating properties. Staff reported that 62 properties along PCH have been identified, with approximately 50 percent of property owners having submitted the required consent allowing Public Works to access the properties and perform graffiti abatement. Staff stated that efforts are continuing to obtain consent from the remaining property owners and encouraged affected property owners to contact Code Enforcement to obtain the necessary consent forms. Staff reported that 16 graffiti abatements have been completed to date, with additional locations identified for future removal. Staff also noted that the division works with the Los Angeles County Sheriff's Department to monitor properties and address graffiti-related concerns.

Staff reported that unpermitted vendors are currently a primary enforcement focus due to increased activity during the summer months. Staff stated that approximately 12 vendors have been addressed during the past month, with enforcement actions including citations, removal from the area, or referral to the permitting process. Staff provided an example involving an unpermitted vendor selling alcohol along PCH on the Fourth of July and noted that the vendor was required to cease operations. Staff also reported that enforcement action was taken regarding a hot dog vendor at Westward Beach that had generated community complaints. Staff stated that the vendor had been removed; however, staff clarified that enforcement activities are conducted during regular work hours, with weekend issues coordinated with the Sheriff's Department.

Staff further reported that Code Enforcement continues to address community complaints and concerns involving unpermitted construction, construction occurring on Sundays, short-term rentals, property maintenance, and other code-related matters. Staff stated that the division remains very active following its transition to Public Safety and encouraged residents to contact Code Enforcement with questions or concerns so that staff can investigate and address reported issues.

ITEM 2.C. COMMISSIONER COMMENTS

Commissioner Aria reported that several parents in the Point Dume area had expressed concerns regarding traffic enforcement and the issuance of speeding citations near schools. She noted that law enforcement presence and traffic controls in the area are intended to enhance the safety of children and pedestrians. She also relayed concerns from female employees of Ralph's store who reportedly feel unsafe walking to their vehicles late at night due to inadequate lighting in the parking lot. She stated that residents have requested the City explore opportunities to improve lighting conditions in the area to enhance public safety. She further reported receiving correspondence regarding several incidents of insurance fraud and noted concerns that such activity may negatively affect individuals who rely on insurance coverage during times of need. She stated that she had also received complaints regarding littering at local gas stations, specifically that motorists are leaving trash on the ground rather than disposing of it in trash cans and has encouraged enforcement of the littering law. Additionally, she expressed concerns regarding brush clearance around the Smith property, located near Civic Center and Webb Way, noting that dry conditions, accumulated vegetation, and large tumbleweeds in the area present a potential fire hazard due to the property being so close to surrounding buildings. She stated previous fire activity in the area and emphasized the importance of continued maintenance efforts. She stated that she had received correspondence from residents suggesting the City explore additional measures to deter and penalize unethical conduct related to post-disaster recovery efforts. She noted that the matter would require further legal review and policy consideration.

A Commissioner asked a follow-up question regarding recent community emails concerning fire hazards, including overgrown vegetation and brush, and whether such concerns should be directed to Code Enforcement. Staff confirmed that community members may contact Code Enforcement to report these concerns. Staff explained that Code Enforcement and the Fire Safety Liaison are working together to establish a coordinated process for receiving and addressing fire-related complaints. Staff noted that the process will include an initial notice to property owners and, when necessary, referral to Code Enforcement for further action if the issue is not corrected. Staff stated that the two divisions are working collaboratively to ensure that community concerns regarding fire hazards are appropriately addressed.

Commissioner Comments
Include:

- Westward Beach Road update/question
- Surveillance cameras, privacy, cybersecurity, and data concerns
- Emergency Operations Center training/Fire Safety Liaison hiring questions
- Hazardous palm/eucalyptus tree concerns
- Graffiti locations and request for Code Enforcement social media outreach
- Joggers/Civic Center Way safety concern
- Siren project update/question
- Parking enforcement vehicle blocking PCH traffic
- Malibu Canyon guardrails
- Underpass reopening efforts
- PCH maintenance and Caltrans staffing
- Technology planning/digital responsibility
- Clarification regarding the camera registry
- Additional guardrail request

ITEM 3 CONSENT CALENDAR

None.

ITEM 4 OLD BUSINESS

None.

ITEM 5 NEW BUSINESS

A. General Plan Safety Element Update

Recommended Action: 1) Receive a presentation on the draft update to the Safety Element of the General Plan; and 2) Provide feedback for consideration.

Staff presented the report, explaining that the proposed wildfire safety measures focus on establishing local Zone Zero requirements around structures and updating the City's nuisance abatement ordinance to more effectively address hazardous vegetation that may contribute to wildfire ignition and spread. Staff explained that the purpose of the discussion was to obtain Commission feedback regarding potential Zone Zero requirements and amendments to the nuisance abatement ordinance.

Vice Chair Merrick opened the floor to public comment.

Speakers: Kevin Keegan and Ann Camarillo.

Mr. Keegan expressed support for the proposed measures and encouraged the Commission to

consider implementing a phased compliance schedule beginning in the City's highest-risk areas. He also encouraged the Commission to recommend that the City Council develop a comprehensive wildfire prevention and mitigation strategy addressing lessons learned from recent fires, brush management, community emergency resources, digital mapping and monitoring systems, and wildfire mitigation technologies.

Ms. Camarillo expressed concerns regarding the City's consideration of Zone Zero requirements and encouraged the Commission to consider broader wildfire preparedness measures, including local emergency resources, community fire brigades, and the availability of firefighting equipment during major wildfire events.

As there were no additional speakers, Chair Merrick closed public comment and returned the matter to the Commission for discussion.

The Commission discussed the proposed Zone Zero requirements and nuisance abatement amendments. Staff explained that Zone Zero is intended to reduce combustible materials immediately adjacent to structures and is separate from defensible space requirements. Staff further explained that the proposed measures are primarily intended to address existing structures and would be implemented with an emphasis on education, voluntary compliance, and phased implementation. Staff noted that the State was continuing to develop its Zone Zero regulations and that the City could adopt requirements that are more restrictive than State standards.

The Commission discussed the relationship between Zone Zero, defensible space, and home hardening and emphasized the importance of addressing ember intrusion through measures such as appropriate vents and other home-hardening improvements. The Commission also discussed the potential costs to property owners and the possibility of grants, financial assistance, incentives, or phased compliance to assist residents with wildfire mitigation improvements.

Staff explained that the existing nuisance abatement provisions provide some authority to address hazardous vegetation but are broad and may be difficult to apply in certain circumstances. Staff stated that more specific language addressing hazardous, dead, or dying vegetation could provide additional enforcement tools when voluntary compliance is unsuccessful. Staff emphasized that abatement would remain a last resort and that the City's primary approach would continue to focus on education and voluntary compliance.

The Commission discussed potential definitions, compliance timeframes, and whether hazardous vegetation should be categorized according to the level of urgency. The Commission also requested that staff research and provide examples of Zone Zero and nuisance abatement regulations adopted or being considered by other jurisdictions, including communities affected by catastrophic wildfires, for consideration before developing City-specific requirements.

The Commission discussed the timing of the proposed Zone Zero requirements in relation to pending State regulations. A motion was made and seconded to continue consideration of Zone Zero requirements until the State's regulations are finalized, with staff to return with additional information and examples from other jurisdictions. The motion carried.

The Commission further discussed potential amendments to the nuisance abatement ordinance and

requested additional research and examples of language used by other jurisdictions before taking further action. No additional action was taken on the proposed nuisance abatement amendments.

B. Public Safety Agency Monthly Activity Report

Recommended Action: Discuss recent Public Safety Agency activities and receive and file the monthly activity reports for July 2026 from the California Highway Patrol, the Los Angeles County Fire Department, the Los Angeles County Fire Department's lifeguard Division and the Los Angeles County Sheriff's Department.

Susan Du presented the Staff report.

Malibu VOP Tem Leader Russo present on the Malibu VOP program updates.

Sergent Soderlund presented the previous month's crime statistics report and notable incidents.

Vice Chair Merrick opened the floor to public comments. As there were no speakers present, Vice Chair Merrick returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff, Sergeant Soderlund and Mark Russo.

The Commission received and filed the monthly activity reports for July 2026 from CHP, LASD, LACFD, LAC Lifeguard.

C. Homeless Services Monthly Report

Recommended Action: Receive the Homelessness Report and provide feedback, as appropriate.

Luis presented the Homelessness report.

Chair Spiegel opened the floor to public comments. As there were no speakers present, Chair Spiegel returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff

The Commission received and filed the monthly report for July 2026 from The People Concern.

D. Parking Enforcement Monthly Report

The Parking Report was not presented due to an issue with the City's contracted parking services provider.

Vice Chair Merrick opened the floor to public comments. As there were no speakers present, Vice Chair Merrick returned the matter to the table for discussion.

The Commission discussed the matter and directed questions to staff.

The Commission did not receive or file the monthly report for July 2026 from the LAZ Parking Enforcement Team.

ADJOURNMENT

Vice Chair Merrick , adjourned the meeting at 7:17 p.m.

Approved and adopted by the Public Safety Commission of the City of Malibu on September 2, 2026.

_____
Brian Merrick, Vice Chair

Carole Myers, Recording Secretary

Public Safety Commission Meeting 09-02-26
Item 5.A.

Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Prepared by: Bradley Yocum, Fire Safety Liaison

Approved by: Susan Dueñas, Public Safety Director

Date Prepared: August 26, 2026 Meeting Date: September 2, 2026

Subject: Proposed Wildfire Mitigation Strategies

RECOMMENDED ACTION: 1) Receive a report on proposed wildfire mitigation strategies; 2) Provide feedback to staff; and 3) Make a recommendation to the City Council if appropriate.

DISCUSSION: The entire City of Malibu is located within a Very High Fire Hazard Severity Zone and has experienced repeated destructive wildfires. Therefore, staff are exploring ways to assist the community in becoming more resilient by preventing and mitigating the impacts of wildfires. Two ways that are being explored include 1) adopting a local Zone 0 standard (the first five feet around structures) that is stricter than State requirements; and 2) strengthening the Nuisance Abatement Ordinance to better address hazardous vegetation that creates a wildfire risk to neighboring properties.

Zone 0

California has established the first five feet around structures as Zone 0, which is the area most vulnerable to ember ignition. The landscape restrictions for this Zone stem from AB 3074 and SB 504, which directed the Board of Forestry and Fire Protection to develop an ember-resistant zone around structures in very high fire hazard areas.

Initially, the Board of Forestry considered very strict rules that generally prohibited most combustible vegetation within Zone 0. However, regulations approved in August 2026 are more flexible and allow certain maintained lawns, low-growing plants, groundcovers, potted plants and properly maintained existing trees within portions of Zone 0. Because

of the extreme fire risk in Malibu, staff are seeking feedback on possibly adopting a stricter Zone 0 standard. After reviewing the earlier Board of Forestry proposal, Malibu Ordinance No. 461, and approaches being used or developed by Berkeley, San Diego, Marin County and other jurisdictions, staff have identified a variety of additional requirements for consideration. Potential local requirements could include:

1. Combustible Materials: Prohibit combustible mulch, firewood, lumber, dead vegetation, accumulated leaves and other readily ignitable materials within five feet of structures.

2. Limited Vegetation: Allow limited low-growing succulents and small plants no taller than 18 inches in approximately 5-gallon or smaller noncombustible containers, provided they are maintained and kept away from windows, doors and vents.

3. Existing Trees: Properly maintained mature trees could remain within Zone 0 where they do not create a direct ignition pathway. Standards could include:

    - Removing dead or diseased branches;

    - Keeping healthy branches approximately 5 feet from roofs and exterior walls, where feasible;

    - Maintaining approximately 10 feet of canopy clearance from roofs, chimneys and structures, where feasible;

    - Preventing branches from extending beneath eaves or contacting windows, doors, vents, decks or stairs; and

    - Removing ladder fuels and accumulated debris beneath trees and from roofs and gutters.

4. Decks and Stairs: Require areas beneath attached decks, balconies and stairs to remain free of combustible vegetation, debris and storage.

5. Vines and Dense Shrubs: Prohibit vines growing directly on structures and require dense woody vegetation that creates a direct fire pathway to be removed or reduced.

6. Fences and Gates: Require new or replacement fencing within five feet of a structure to be noncombustible. Existing combustible fencing could be phased into compliance, particularly where it connects directly to a structure.

7. Roofs and Gutters: Require roofs, gutters and areas beneath eaves to remain free of combustible debris.

Staff also recommend considering an initial two-year education and voluntary-compliance period, followed by citywide implementation. The intent is to establish a Zone

0 standard that provides more structure protection than the State minimum while remaining practical for residents and enforceable by Code Enforcement.

Nuisance Abatement Code

Staff are also proposing amending MMC Chapter 8.28 to provide clearer authority to address hazardous vegetation that poses a wildfire risk between normal brush-clearance inspections. Possible language to consider include the following:

- Accumulations of dead or dying vegetation;
- Overgrown vegetation creating continuous fuel pathways between properties;
- Significant ladder fuels; and
- Trees or vegetation that have deteriorated and now present a wildfire hazard to neighboring properties.

Although Code Enforcement can already address these conditions under the current Nuisance Abatement Code, the current language does not specifically call out wildfire hazards. Adding language that classifies these conditions as a public nuisance when they create a significant wildfire risk to nearby properties would support and clarify existing enforcement efforts.

Staff welcome the Commission's input on the proposed Zone 0 options and amendments to the Nuisance Abatement Code, as well as any other ideas on how the City can help mitigate the impact of wildfires on the community.

ATTACHMENTS: MMC Chapter 8.28 – Nuisance Abatement

§ 8.28.010. Nuisance defined.

A. For purposes of this chapter, a nuisance includes any one or more of the following:

1. Any activity, building, condition, development, installation, land, occupancy, structure, or use that violates the Malibu Municipal Code or the Malibu Local Coastal Program Local Implementation Plan (or any condition of any permit or license approved pursuant thereto).

2. Anything which is injurious to health or safety, or is indecent or offensive to the senses, or an obstruction to the free use of property or injurious to the stability of real property, so as to interfere with the comfortable enjoyment of life or property, or unlawfully obstructs the free passage or use, in the customary manner, of river, bay, stream, canal, or basin, or any public park or street, and which affects at the same time an entire community or neighborhood, or any considerable number of persons, although the extent of the annoyance or damage inflicted upon individuals may be unequal.

3. Any condition of property that is injurious or potentially injurious to the public health, safety, or welfare, or which is injurious or potentially injurious to adjacent properties.

4. Any accumulation or storage of trash, biohazards (including human waste), or articles of personal property on undeveloped or vacant land that creates, or creates the conditions for, a fire or safety hazard to nearby persons or properties, including, without limitation, the maintenance or storage of cooking or heating paraphernalia or equipment on undeveloped or vacant land, which facilitates activity that creates a risk of fire or otherwise creates a public health hazard.

B. Property owners and other persons in lawful possession of property shall not allow, cause, create, maintain, or permit others to allow, cause, create, or maintain property in the city in such a manner so as to create a nuisance as set forth in subsection A of this section.

C. Notwithstanding any provisions of this chapter, the city council may further define by ordinance any particular condition constituting a nuisance.

(Prior code § 4300; Ord. 453 § 4, 2019; Ord. 490 § 2, 2021)

§ 8.28.020. Duty of owner or possessor of property.

Every person who shall own or be in possession of any property, place or area within the boundaries of the city shall, at his or her own expense, maintain the property, place or area free from any nuisance.

(Prior code § 4301)

§ 8.28.030. Notice to abate nuisance.

Whenever the city council determines that a nuisance exists upon any property, place or area within the boundaries of the city, the city manager may notify in writing the owner

Downloaded from https://ecode360.com/MA5043 on 2026-07-23

or person in possession of the property, place or area to abate the nuisance within 15 days from the date of the notice. The notice shall be given by registered or certified mail addressed to the owner or person in possession of the property, place or area at his or her last known address.
(Prior code § 4302)

§ 8.28.040. Contents of notice.

The notice shall state that if the nuisance is not abated or good faith efforts towards abatement not been made to the satisfaction of the city manager within 15 days from the date thereof, a hearing shall be held before the city council to hear any protest of the owner, possessor or other interested person. The notice shall specify the time, date and place of the hearing, which shall be set for the regular meeting of the council next following the expiration of the 15 day period.
(Prior code § 4303)

§ 8.28.050. Hearing and decision.

If the nuisance is not abated or good faith efforts towards abatement have not been made within the time set forth in Section 8.28.030, the city council shall conduct a hearing at the time and place fixed in the notice at which evidence may be submitted by interested persons. Upon consideration of the evidence, the council may declare the condition to constitute a public nuisance and order the abatement thereof. The decision of the city council shall be final. The city clerk shall notify all owners and possessors of the subject property, place or area of the decision of the council.
(Prior code § 4304)

§ 8.28.060. Abatement by city—Notice of charge.

Upon failure, neglect or refusal by a person notified pursuant to Section 8.28.050, to abate a nuisance within 30 days after the date of notice, the city council is authorized to cause the abatement of the nuisance and pay for the abatement. A warrant shall be obtained prior to abating the nuisance where required by law. The city council shall notify, in writing, the owner or possessor of the property, place or area upon which a nuisance has been abated by the city, of the cost of said abatement. Such notice shall be given in the same manner as required by Section 8.28.030. The notice shall also offer the property owner the opportunity to appear before the council to protest the cost amount.
(Prior code § 4305)

§ 8.28.070. Lien.

If the total cost of the abatement of the nuisance by the city is not paid to the city in full within 10 days after the date of the notice of the cost of the abatement, or within 10 days after the council has heard a protest from the property owner, if any, and has confirmed the final cost, the city clerk shall record, in the office of the county recorder, a statement of the total balance due to the city, a legal description of the property, place or area involved, and the name of the owner or possessor concerned. From the date of such recording, the balance due will constitute a lien on the property. The lien will continue in

Downloaded from https://ecode360.com/MA5043 on 2026-07-23

full force and effect until the entire amount due, together with interest at the maximum legal rate accruing from the date of the completion of the abatement, is paid in full.
(Prior code § 4306)

§ 8.28.080. Charges to be billed on tax bill.

The city may also, in accordance with the provisions of the laws of the state of California, cause the amount due to the city by reason of its abating a nuisance together with interest at the maximum legal rate, accruing from the date of the completion of the abatement, to be charged to the owners of the property, place or area on the next regular tax bill. All laws of the state of California applicable to the levy, collection and enforcement of city taxes and county taxes are made applicable to the collection of these charges.
(Prior code §4307)

§ 8.28.090. Court action.

The city council may bring appropriate actions, in a court of competent jurisdiction, to collect any amounts due by reason of the abatement of a nuisance by the city and to foreclose any existing liens for such amounts. Notwithstanding the provisions of this chapter, the city may bring the appropriate civil and criminal actions in a court of competent jurisdiction for abatement of any nuisance existing within the city pursuant to any other provision of law.
(Prior code § 4308)

§ 8.28.100. Summary abatement.

Notwithstanding any other provision of this chapter to the contrary, if the city manager determines that a nuisance presents a threat to the public health or safety or a danger to life or surrounding property, and there is insufficient time to follow the administrative process described in Malibu Municipal Code Section 8.28.050, the city manager may summarily abate the nuisance according to the following procedures:

A. Notice. Prior to undertaking summary abatement, the city manager or designee shall reasonably attempt to identify and contact, by telephone or otherwise, the owner, occupant, or tenant of the property to notify such person of the nuisance and to seek immediate voluntary abatement.

B. Abatement. If the city manager is unable to reasonably contact the persons specified in subsection A of this section, or if such person fails or refuses to act immediately to abate the nuisance, the city manager or designee is authorized to summarily abate the nuisance, incurring such costs as are reasonably necessary to that effort, including, but not limited to, the costs of biohazard treatment services or the costs of collecting and storing individuals' personal property.

C. Costs. Property owners and persons in legal possession of the property are jointly and severally liable for the costs of summary abatement actions taken pursuant to this section. Such costs shall be charged and collected in accordance with the methods allowed in Sections 8.28.070 through 8.28.090 of this code, or as

Downloaded from https://ecode360.com/MA5043 on 2026-07-23

otherwise provided by law.
(Prior code § 4309; Ord. 490 § 3, 2021)

§ 8.28.110. Attorney fees.

A. The prevailing party of any action, administrative proceeding, or special proceeding to abate a nuisance or to cause the abatement of a nuisance shall be entitled to recover attorney fees. Attorney fees shall not be recoverable unless the city elects in writing, at the initiation of that individual action or proceeding, to seek recovery of its own attorney fees. In no action, administrative proceeding, or special proceeding shall an award of attorney fees to a prevailing party exceed the amount of reasonable attorney fees incurred by the city in the action or proceeding.

B. Unpaid attorney fees shall be collectible in any manner allowed by law.
(Ord. 387 § 1, 2015)

Public Safety Commission Meeting 09-02-26

Item 5.B.

Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Approved by: Susan Dueñas, Public Safety Director

Date Prepared: August 27, 2026 Meeting Date: September 2, 2026

Subject: Public Safety Agency Monthly Activity Report

RECOMMENDED ACTION: Discuss recent Public Safety Agency activities and receive and file the monthly reports for July 2026 from the California Highway Patrol and the Los Angeles County Sheriff's Department.

DISCUSSION: The City contracts with the County of Los Angeles for public safety services, including Sheriff, Fire, and Lifeguard services. The City also contracts with the California Highway Patrol for traffic enforcement. The monthly reports summarizing the agencies' services and activities for the months of July 2026 are attached.

At the time of posting, the monthly report for June 2026 from the Los Angeles County Fire Department was not received. This report will be included in the next Regular Meeting of the Public Safety Commission.

ATTACHMENTS:

1. California Highway Patrol's Enforcement Report – July 2026
2. County of Los Angeles Sheriff's Department's– July 2026
3. County of Los Angeles Fire Department – June 2026

Joseph Irvin, City Manager
City of Malibu
23825 Stuart Ranch Road
Malibu, California 90265

Dear Mr. Irvin:

Attached are the year-to-date statistics for Malibu, California through July 2026.

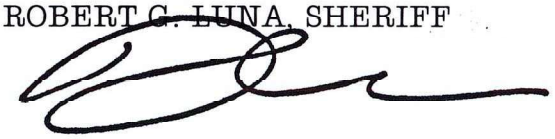

Noteworthy incidents

- 7/1 - A male adult Los Angeles transient was arrest attempt burglary on Surfside Way.
- 7/1 - A male adult Los Angeles resident was arrested for DUI at PCH/Escondido Beach.
- 7/1 - Four adults were arrested for battery, carrying a concealed firearm and making criminal threats in the 22000 block of PCH.
- 7/5 - A male adult Los Angeles transient was arrested for felony obstruction (attempting to bite) deputy personnel at Carbon Canyon Road/PCH.
- 7/13 - A male adult transient was arrested at PCH/Carbon Canyon Road for possession of concealed loaded firearm.
- 7/17 - A male adult was arrested for DUI at PCH/Sweetwater Canyon Road.
- 7/18 - A male adult was arrested for DUI at Puerco Canyon/PCH.
- 7/18 - A male adult transient was arrested for assault with a deadly weapon at 23387 PCH.
- 7/27 - A female adult transient was arrested for residential burglary on Moon Shadows Drive.
- 7/27 - A male adult transient was arrested for robbery and battery at Subway.
- 7/28 - Three suspects were arrested for burglary, identity theft, conspiracy to commit a felony, and unauthorized use of credit cards after commiting two vehicle burglaries along PCH.
- 7/29 - A male adult was arrested for DUI at PCH/Paradise Cove.
- 7/30 - A male adult transient was arrested for indecent exposure at the Bank of America.

FIRE ACTIVITY REPORT

City of Malibu | June 2026

Fire Incidents:

Date	Type	Address	Narrative
06/05/26	**Vehicle Fire**	PACIFIC COAST HWY	Vehicle TC into planter and tree with fire. Vehicle well involved extinguished by E71, vehicle was a total loss, there was also damage to a cinder block wall, tree and planter. 1 minor injury to vehicle passenger, PT refused transport by ambulance and was handed over to sheriff.
06/08/26	**Outside Fire**	SERRA RD	Cooking fire in abandoned fire pit on state park land, contained to cooking container only. Extinguished by FD personnel. Person experiencing homelessness. Reported to state park ranger and sheriff. Person written citation by ranger, no extension to brush.
06/18/26	**Outside Fire**	3401 SERRA RD	E88 responded to investigation of smoke in SRA land of Malibu Canyon, NW of Palm Canyon in Serra Retreat. Access at west end of Palm Canyon Rd, approx.. 1/2-mile trail and crossed malibu creek to find 1 homeless encampment (x 2weeks approx) with ritual campfire contained homemade campfire ring, no extension to brush. Fire was extinguished by FD personnel with cooperation from 45 y/o approx. homeless man, using fire extinguisher, buckets of creek water and shovels. Thermal imager used. Fire extinguished entirely. LASD onscene and report given, including name of homeless man, description and location. State park rangers requested however, never came onscene. Sheriffs would pass on information to State parks.

Other Incidents:

Date	Type	Address	Narrative
06/09/26	**Haz Sit**	WESTWARD BEACH	Electrical Power Line Down / Arcing / Malfunction. E71 was informed by a passerby of a possible powerline down at the intersection of PCH and Westward Beach Road. Upon arrival a large communication line bundle was down in the road. E71 removed the wires from PCH then notified Edison in hopes that they could clear the lines which were hanging on other lines overhead.
06/24/26	**Haz Sit**	7103 WESTWARD BEACH	Electrical Power Line Down / Arcing / Malfunction. E71 arrived to find minimal tracking/arcing occurring from moisture in the air at the top of a transformer. No smoke, fire or hazard present.

Public Safety Commission Meeting 09-02-26

Item 5.C.

Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Prepared by: Luis Flores, Public Safety Manager

Approved by: Susan Dueñas, Public Safety Director

Date Prepared: August 26, 2026 Meeting Date: September 2, 2026

Subject: Homeless Services Monthly Report

RECOMMENDED ACTION: Discuss recent homeless services activities and receive and file the monthly reports for July 2026 from The People Concern.

DISCUSSION: Since 2017, the City of Malibu has provided homeless outreach services through a contract with The People Concern (TPC). TPC provides a three-person Outreach Team that engages people and families experiencing homelessness on the streets, hillsides, and beaches of Malibu. The team provides housing navigation services and individualized support to help them attain housing and become self-sufficient. The monthly report summarizing their services for the month of July 2026 is attached.

ATTACHMENTS:

1. July 2026 Monthly Report & Outcomes Chart

The People Concern Malibu Outreach Team

July 2026 Report

Outcomes

In July 2026, the total number of contacts made by the outreach team was 196, with 50 unduplicated contacts 3 individuals were contacted in permanent or temporary housing. Of the 47 unduplicated contacts currently on the streets, 6 were new contacts, with 3 of them becoming repeat contacts. There are currently 22 contacts considered in various stages of engagement, and 25 are refusing services at this point. The outreach team continues to contact these individuals with the goal of getting them engaged in the housing process.

Success Story

For several years, The People Concern's Malibu Outreach team has remained a consistent source of support for MC, a young woman whose life has been shaped by significant trauma, chronic homelessness, and severe alcohol use disorder. Throughout that time, the team continued to build trust, meeting her where she was and providing resources including medical referrals, assistance obtaining identification and vital documents, connections to detoxification and rehabilitation programs, and ongoing case management support.

The team's relationship with MC began on a rainy morning in Malibu when outreach staff encountered her in an extremely intoxicated and vulnerable state. She was struggling to communicate coherently and appeared to be experiencing serious behavioral health challenges. Recognizing the urgency of the situation, the Malibu Outreach team partnered with the Venice Family Clinic Street Medicine Outreach team to ensure she received immediate medical and psychiatric care. Following her evaluation, she was prescribed antipsychotic medication and temporarily placed in a local motel to recover. Over the following days, MC became noticeably more lucid and organized in her thinking. Although she continued to use alcohol as a way to cope with years of trauma, the outreach teams remained engaged and continued offering support whenever she returned to Malibu.

Over the years, MC cycled in and out of the area, frequently reconnecting with the Malibu Outreach team for assistance. Despite repeated offers of housing and treatment opportunities, she was not yet ready to accept long-term services. The team respected her choices while continuing to provide compassionate, nonjudgmental support and maintaining the trusting relationship they had built.

In July 2026, MC returned to Malibu carrying heartbreaking news. She shared that her mother had been tragically killed in an automobile accident just months earlier. Soon afterward, MC was hospitalized with liver failure caused by years of chronic alcohol use. The combination of profound personal loss and a life-threatening medical crisis became a turning point in her journey.

Following her hospitalization, MC reached out to the Malibu Outreach team and, for the first time after years of declining housing opportunities, expressed that she was ready to accept help. Recognizing the significance of this moment, the team acted quickly to secure placement in a local interim housing program, ensuring she had a safe and supportive environment where she could begin focusing on her recovery.

Today, MC is safely housed indoors and continues working with on-site case management to address her medical needs, strengthen her stability, and develop a pathway toward permanent housing. Her journey reflects the importance of persistent, relationship-based outreach and demonstrates that meaningful change often begins after years of consistent engagement. The Malibu Outreach team's unwavering commitment, patience, and collaboration with community partners helped ensure that when MC was finally ready to take the next step, the support she needed was already in place.

MC's story is a powerful reminder that successful outreach is not always measured by immediate outcomes, but by the trust built over time. Through years of compassionate engagement, the Malibu Outreach team remained a reliable presence in

her life, ultimately helping her transition from surviving on the streets to beginning a new chapter of healing, recovery, and hope.

Next Steps:

During periods of high fire danger, outreach efforts will focus on identifying encampments located in high-risk fire zones and coordinating with the City of Malibu and law enforcement to address and safely clear these areas when appropriate. Staff will also educate clients about the serious dangers of camping in fire-prone areas and encourage them to relocate to safer locations and utilize available resources and support.

MALIBU OUTREACH
OUTCOMES CHART

July 2026	Current Month	Current Month 2025
TOTAL CONTACTS	196	265
Unduplicated Contacts	50	66
New	6	7
ON-STREETS	47	61
Engaged	22	28

Item 5.D.

Public Safety Commission Agenda Report

To: Chair Spiegel and Members of the Public Safety Commission

Prepared: Luis Flores, Public Safety Manager

Approved by: Susan Dueñas, Public Safety Director

Date Prepared: August 26, 2026 Meeting Date: September 2, 2026

Subject: Parking Enforcement Monthly Report

RECOMMENDED ACTION: Discuss recent parking enforcement activities and receive and file the monthly reports for May 2026, June 2026, and July 2026 from the LAZ Parking Enforcement Team.

DISCUSSION: On July 3, 2024, the LAZ Parking Enforcement Team began operations to provide additional support to the Los Angeles County Sheriff's Department and Volunteers on Patrol. Since the start of their operations, the LAZ Parking Enforcement Team has issued citations for a variety of violations, including obstruction of roadways, obeying parking signs, blocking fire hydrants, oversized vehicle ordinance, unauthorized handicap parking, and more.

The LAZ Parking Enforcement Team provides monthly reports that summarize their monthly citation counts and provides an overview of the most common parking violations. The reports provide a quantifiable metric to measure enforcement activity and areas of focus. Attached are the May 2026, June 2026, and July 2026 Monthly Reports.

ATTACHMENTS:
1. Parking Enforcement May 2026 Monthly Report
2. Parking Enforcement June 2026 Monthly Report
3. Parking Enforcement July 2026 Monthly Report
