Dear Mayor Wagner:

This is in response to a letter dated December 5, 2018 in which the City of Malibu requested an extension until April 8, 2019, for the City of Malibu to review changes to the Preliminary FIRM and Preliminary FIS report dated October 28, 2016, as well as to respond to the FEMA comment resolution letter dated November 8, 2018.

Copies of revised FIRM panels 06037C1518G, 06037C1519G, and 06037C1542G and FIS report volume 06037CV002C were previously provided for your review. Please submit any comments regarding the revised preliminary panels and FEMA comment resolution letter by April 8, 2019 to the following address:

Federal Emergency Management Agency (FEMA)
Mitigation Division
1111 Broadway, Suite 1200
Oakland, California 94607
Attention: Ed Curtis, Regional Engineer, FEMA Region IX

Upon receipt, FEMA will address any additional comments and then finalize the FIRM and FIS report by issuing a Letter of Final Determination (LFD). The LFD will explain the adoption/compliance process and will state when the FIRM and FIS report will become effective.

We appreciate your community's comments and commitment to having the most accurate flood hazard information available reflected on the FIRM and in the FIS report. If you have any questions regarding this matter, please contact Ed Curtis, FEMA Region IX, Risk Analysis Branch, either by e-mail at edward.curtis@fema.dhs.gov or by telephone at (510) 627-7207.

Sincerely,
