Concept A vs. B

Concept A vs. B

What do you think of design Concept A?

110 responses

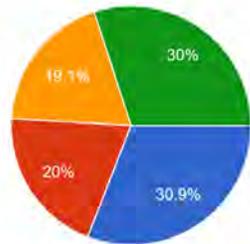

- I like the direction of this design
- I would like to see this design with more transition/bowl
- I would like to see this design with more street/plaza
- I prefer the other design

What do you think of design Concept B?

110 responses

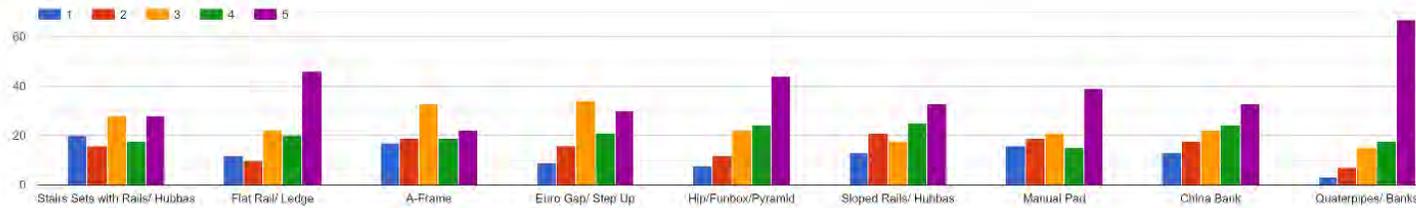

- I like the direction of this design
- I would like to see this design with more transition/bowl
- I would like to see this design with more street/plaza
- I prefer the other design

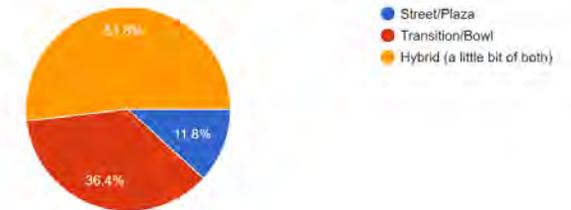

Skatepark Features

For a Street Style Skatepark, rank the importance of these features. If you rate everything a 5 we will note that you value everything equally.

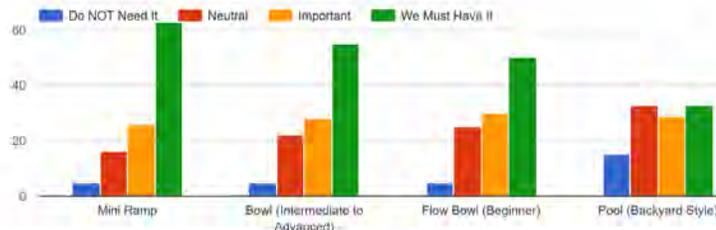

What type of skatepark terrain do you most prefer?

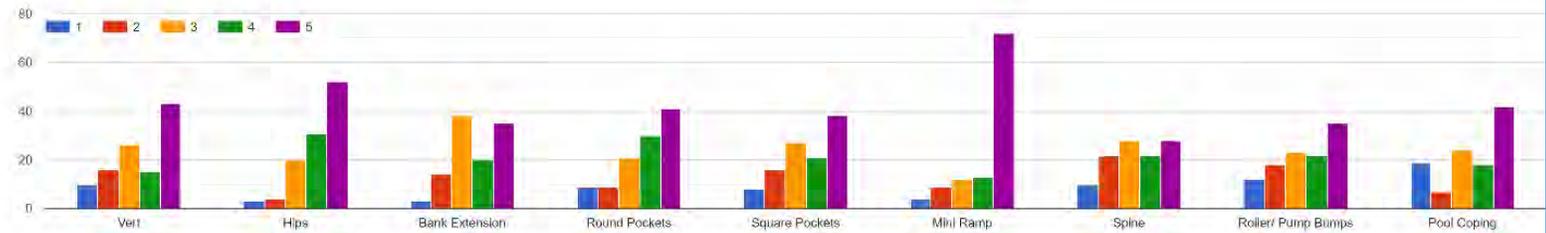

110 responses

Rank the importance of these different types of transition.

For a Transition Style Skatepark, rank the importance of these features. If you rate everything a 5 we will note that you value everything equally.
