### Applications Are Now Accepted for City of Malibu General Fund Grants to Support Local Non-Profits

(Malibu, CA) — The City of Malibu is now accepting applications for the 2026–2027 General Fund Grant Program, which provides funding to local nonprofit organizations that serve and benefit Malibu residents. Eligible nonprofit organizations who support Malibu residents are encouraged to apply online through 5:30 PM on Tuesday, March 31, 2026.

The General Fund Grant Program supports a wide range of essential services and programs that enhance quality of life in Malibu, including assistance for individuals experiencing homelessness, arts and cultural programming, youth and after-school activities, environmental protection efforts, public safety initiatives, and other community-focused non-profit services.

“Malibu’s nonprofit organizations are essential partners in serving and building our community, addressing needs that range from environmental protection and animal welfare, to the arts, services for seniors and youth, public safety, and much more,” said Mayor Bruce Silverstein. “The General Fund Grant Program is an important way that the City can invest in the grassroots organizations that directly support our residents and our community.”

Grant funding can help organizations sustain operations, expand programs, and reach more residents with services tailored to local needs.

To improve accessibility and reduce administrative burden, this year’s application process uses a single, consolidated online form rather than a PDF. Financial reporting requirements have also been streamlined, allowing applicants to spend less time on paperwork and more time advancing their missions.

Applications will be reviewed by the City Council’s Administration and Finance Subcommittee in May, with final grant awards considered by the City Council during budget adoption in June. Grant funds are expected to be released in July.
