CITY OF MALIBU

CITY MANAGER'S NEWSLETTER

SEPTEMBER 27, 2025

Greetings Malibu,

Happy Fall, Malibu! As our community embraces the start of a new school year, the ongoing fire rebuild, and exciting environmental initiatives, it's inspiring to see residents, volunteers, and City staff come together to strengthen our City.

The City's School Separation Team welcomed returning students and school staff and provided updates on the proposed Malibu Unified School District, and we celebrated the ribbon cutting of the beautiful new Malibu High School building.

This week, we celebrate Malibu's incredible community volunteers and advocates. The Coastal Cleanup Day removed hundreds of pounds of trash from Surfrider Beach. The Fire Rebuild Zone Captains who represent homeowners have been meeting weekly with the City Rebuild Team to share feedback from the homeowners to help improve the rebuild process, and to help move their rebuild projects forward.

We celebrate the ongoing progress on two major resources for our community. The Permanent Skate Park at Malibu Bluffs Park is rapidly taking shape and expected to open in early 2026. Meanwhile, the PCH Signal Synchronization Project, the City's most significant PCH safety project to date, is nearly complete.

As we prepare for the dangerous fire conditions that we know are coming, the City is working to prepare and help residents prepare, and offers many resources for the for our resilient, determined community.

Join Southern California Edison's (SCE) meeting on September 30 on Public Safety Power Shutoffs (PSPS) and make your voice heard. Support the City's efforts to pressure SCE to change their PSPS practices for our community's safety.

Malibu thrives because of its people — residents, business owners, students, employees — all working together to keep our City safe, sustainable, resilient and vibrant. Thank you for being part of what makes Malibu such a special place to live, work, and play.

With gratitude,

Ambassador Candace A. Bond (ret.)
Interim City Manager

CBond@MalibuCity.org

SCHOOL DISTRICT SEPARATION

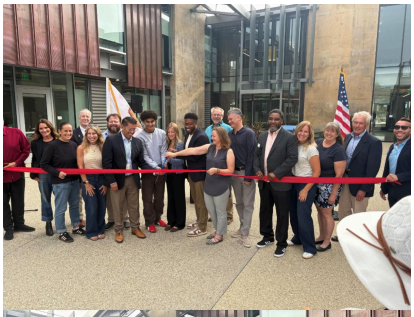

MALIBU WELCOMES SCHOOL STAFF AND SHARES SCHOOL DISTRICT SEPARATION UPDATES

The 2025-26 school year kicked off with a warm welcome for Malibu students and school employees. City consultants attended back-to-school events in August and September to update the community about the status of school separation. City representatives also connected with parents at back-to-school nights, providing flyers and sign-ups for updates. While the County did not vote to recommend school separation at its meeting in May, the next step will be for the State Board of Education to review that vote and consider the formation of an independent Malibu USD. Santa Monica-Malibu USD board members also expressed interest in continuing talks to separate into two new districts.

The City thanks all school employees, PTAs, the Malibu Education Foundation, the Boys & Girls Club, and community partners for supporting local students as efforts toward school district separation continue.

For more information, **visit the website**. To sign up for school separation updates, **click here**.

MALIBU HIGH SCHOOL BUILDING RIBBON-CUTTING CEREMONY

Mayor Marianne Riggins and Councilmember Doug Stewart joined the many community members, school staff, and School District officials for the festive ribbon cutting ceremony of the recently completed Malibu High School building on September 25. Construction of the school was approved by the City of Malibu and the building is in operation for the 2025-26 academic school year. Attendees enjoyed guided tours of the new campus.

COMMUNITY DEVELOPMENT

CITY MEETS WITH FIRE REBUILD ZONE CAPTAINS TO HEAR FEEDBACK FROM HOMEOWNERS TO IMPROVE REBUILD PROCESS AND OFFER ASSISTANCE

On September 22, Mayor Marianne Riggins, Councilmember Haylynn Conrad, Interim City Manager Candace Bond, and

Community Development Director Yolanda Bundy met with all Rebuild Zone Captains at City Hall.

Director Bundy outlined efforts to speed up permitting, including added coastal engineering and geotechnical support, and ongoing coordination with Caltrans and the Regional Water Board on OWTS (Onsite Wastewater Treatment Systems) and encroachment permits.

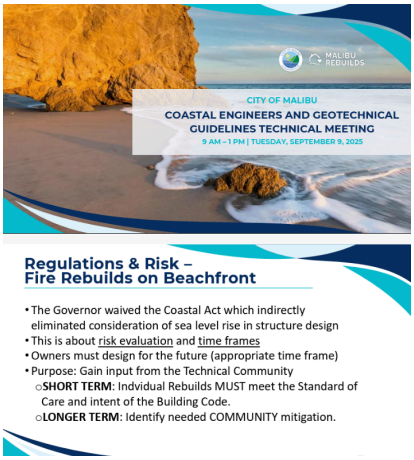

Zone Captains highlighted insurance payouts and homeowner budgets as the top rebuild challenges. In response, staff committed to raising these concerns with the State Insurance Commissioner and Governor during an upcoming trip to Sacramento.

The City urges all rebuild property owners to connect with their Zone Captain and share any challenges. Zone Captain meetings with staff are held monthly to support residents and streamline the rebuild process.

Find Your Rebuild Zone Captain
The City established a system of Zone Captains to represent homeowners in each section of the Franklin and Palisades Fire areas. They share information with homeowners about the City's new development portal tools, simplified planning materials, and faster review processes, and gather feedback from homeowners to bring back to the City Rebuild Team for additional assistance and to help improve the process.

1. **Click here for the interactive map.**
2. Click "Residential Zone Captain" on the right-hand side under Layers.
3. Click on the 3 dots to zoom to the Zones.
4. Search for your address in the Search Bar at the top left.
5. Your Zone will be highlighted.
6. Click the Zone to see your Zone Captain's name and contact info.

Need Help? Email **maliburecovers@malibucity.org** or call 310-456-2489, ext. 400.

TECHNICAL SESSION ON COASTAL AND GEOTECHNICAL GUIDELINES FOR FIRE REBUILDS

On September 9, more than 60 coastal and geotechnical experts joined the City's technical session on strengthening standards for beachfront fire rebuilds. The discussion was attended by City leadership and provided valuable insights to guide future improvements. The Community Development Department has been holding regular work sessions with building professionals and specialists to integrate their specific, local expertise into the rebuild process to help improve the process, so that we can help residents rebuild their homes as quickly and safety as possible.

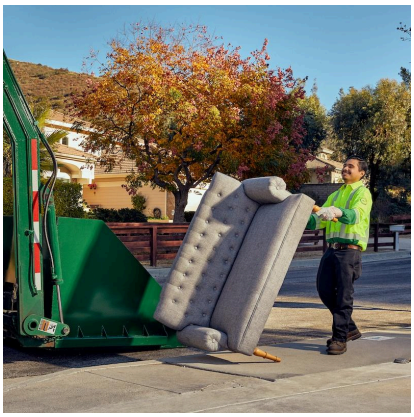

See the Presentation **Watch Video of the Meeting**

PERMANENT MALIBU COMMUNITY LABOR EXCHANGE ADVANCES

On September 15, the Planning Commission approved a Coastal Development Permit for a new 719-square-foot permanent office building for the MCLE. The Commission also recommended that the City Council approve a minor adjustment to the property's Floor Area Ratio (FAR) to allow the project to move forward. (FAR is the ratio of the building size to the lot size).

ENVIRONMENTAL

FREE BULKY ITEM PICKUP - SEPTEMBER 27

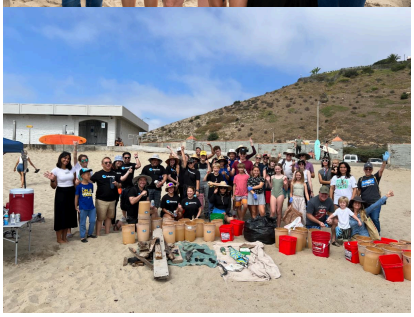

The City and Waste Management are offering a free bulky item pickup for residents—a chance to responsibly dispose of large household items like sofas, mattresses, and appliances.

Details:

- Appointment required: Call 800-675-1171 by 12:00 PM, Friday, September 26. Service hours: 8:00 AM – 5:00 PM.
- Limit: Up to 7 items per household.
- Curbside placement: By 6:00 AM, Saturday, September 27.
- Accepted: Furniture, mattresses, appliances, carpet, electronics, refrigerators.
- Not accepted: Tires, hazardous waste, spas, camper shells, cast-iron tubs, oversized/heavy items. Maximum size: 8 ft. x 4 ft., 150 lbs.

Residents using Universal Waste Systems should call (800) 631-7016 for disposal options. Consider donating usable items before scheduling pickup.

COASTAL CLEAN UP DAY

Malibu showed up in force for the City and Heal the Bay's Coastal Cleanup Day on Saturday, September 20 at Surfrider Beach! With the help of 106 community volunteers — including a SCUBA team —we removed over 400 pounds of trash and recyclables from our beaches and ocean! This event is a great example of the City's work to protect Malibu's beautiful, fragile environment and bring the community into the effort. Mayor Marianne Riggins and several City staff joined the effort. The Community Development Department Environmental staff were on hand to answer questions about the City's environmental and sustainability initiatives, and provide tips for reducing plastics in daily life, and upcoming City environmental events.

Read more about this effort in the Los Angeles Daily News article: **Volunteers Do Their Part on Coastal Cleanup Day at Surfrider Beach in Malibu.**

MALIBU CLEAN ENERGY UPDATE

Malibu is a clean-energy leader. In 2018, the City joined Clean Power Alliance (CPA), a public agency formed by multiple local governments to give communities access to cleaner, renewable electricity options.

With 94.4% overall participation and 96.4% of active customers on 100% Green Power, our community is ahead of the CPA average of 92.9%. Residential participation is 94.7%, non-residential is 93.2%.

Since CPA began service in Malibu, CPA members have avoided 15.345 billion pounds of greenhouse gas emissions, equivalent to planting and growing 114 million trees for 10 years.

Learn More

COMMERCIAL BUSINESSES: PLEASE KEEP TRASH BINS LOCKED AND CLOSED

To comply with Malibu Municipal Code 8.32.640 and protect our environment, all commercial businesses must keep trash, recycling, and organics bin lids closed and locked at all times, except during active use. This prevents illegal dumping, odors, pests, and pollution, helping Malibu stay clean and compliant with State waste laws.

CLEAN BAY INSPECTIONS KICK OFF OCTOBER 15

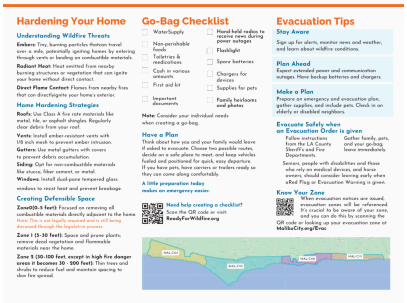

Now's your chance to show your environmental credentials, Malibu restaurants! Annual Clean Bay inspections start October 15 to keep our coast sparkling. Make sure dumpster areas are tidy with lids closed, spills are cleaned up quickly, and storm drains & hazardous materials are handled safely. Every little step helps protect our beautiful beaches and ocean.

See the checklist and tips to meet the requirements **on the Clean Bay website**. Questions? Email **MBuilding@malibucity.org** or call (310) 456-2489, ext. 390.

FIRE SAFETY

CITY OF MALIBU FIRE SAFETY LIAISONS' FIRE CONDITIONS UPDATE – SEPTEMBER 23

Weather: Recent rains and higher humidity slowed fire growth, but risk remains elevated.

Rainfall: Despite the recent light rains, our region needs 2–4 inches to reduce fire danger - not yet received.

Santa Ana Winds: No Santa Anas are in the forecast. Peak season is still ahead. Santa Anas strongly increase fire danger, and make any fire spread faster and grow larger.

Fuel Conditions:

- Live fuel moisture critical at ~60%
- Grasses fully dried out, highly flammable
- Risks increase with humidity ≤15%, winds ≥25 mph
- Lightning - very slight chance of thunderstorms, which can bring dry lightning fire starts
- Fire Danger Rating: "**Moderate to High**" in Santa Monica Mountains (shown on Smokey Bear signs)
- Implications for Malibu: elevated risk continues despite recent humidity
- Residents should maintain brush clearance, harden homes, and closely monitor fire weather, make and review emergency and evacuation plans, sign up for alerts from **the City** and **LA County**.
- Be prepared for potential wind-driven fire events later this season - **see the City's Quick Preparedness Guide.**

Click here for NWS Fire Weather Snooper

PUBLIC SAFETY

LASD CONDUCTS DUI & DRIVER'S LICENSE CHECKPOINT IN MALIBU FOR TRAFFIC SAFETY

The LA County Sheriff's Department (LASD) conducted a DUI and driver's license checkpoint for traffic safety on September 26 on Pacific Coast Highway (PCH) at Webb Way in Malibu. The operation resulted in one DUI arrest and six citations for unlicensed drivers, one citation for driving with a suspended license, and two impounded vehicles. (Unlicensed drivers are given an opportunity to have a licensed driver take possession of the vehicle, which occurred for those six citations). The City thanks our Deputies for this operation and their work every day to help keep our community safe!

FINAL WEEKLY EVERBRIDGE DISASTER NOTIFICATION TEST

The City held its final weekly Everbridge Disaster Notification System test for National Preparedness Month and for wildfire season preparedness on September 25. A test message was sent out to a different zone (MAL-C111 - MAL-C111) each week.

Everbridge is used to send urgent alerts, including evacuation orders, during major emergencies. Most landlines and cell phones in Malibu are automatically included, so registration is not necessary. However, residents and businesses can **create a profile to add extra contacts on the website**.

Look up your evacuation zone **on the City's website** and monitor LA County's emergency evacuation website **Genasys Protect**.

For help with Everbridge or if you don't receive a test, please contact **PublicSafety@MalibuCity.org** or call 310-456-2489.

JOIN THE SCE MEETING ON WILDFIRE SAFETY AND PUBLIC SAFETY POWER SHUTOFFS (PSPS) AND DEMAND CHANGE FOR MALIBU'S SAFETY

Tuesday, September 30
6:30 PM – 7:30 PM
Malibu City Hall & remote participation

Join in-person or virtually and make your voice heard. Support the City's efforts to pressure SCE to change their dangerous PSPS practices for our community's safety.

SCE'S PSPSs threaten lives and homes - they have left the community in communications blackouts, as seen during the Franklin and Palisades fires, compounding wildfire dangers. Without emergency information on evacuations, shelters, and road closures, residents cannot make informed decisions, and the City's ability to provide critical information is crippled. Long outages also disrupt work, school, commuting, and cause economic and quality of life impacts.

Despite years of advocacy, this summer SCE announced more frequent and longer PSPSs while still failing to provide mitigation such as backup power for traffic signals and cell towers.

In 2024, Malibu had three times more frequent outages than other cities in SCE's territory, and those outages lasted 30 times longer. While other cities, on average, got their power back within three hours, Malibu waited more than three days.

CALL TO ACTION
Join the September 30 meeting and demand change.

File complaints with the Public Utility Commission Public Advisor's Office: (866) 849-8390, **public.advisor@cpuc.ca.gov**.

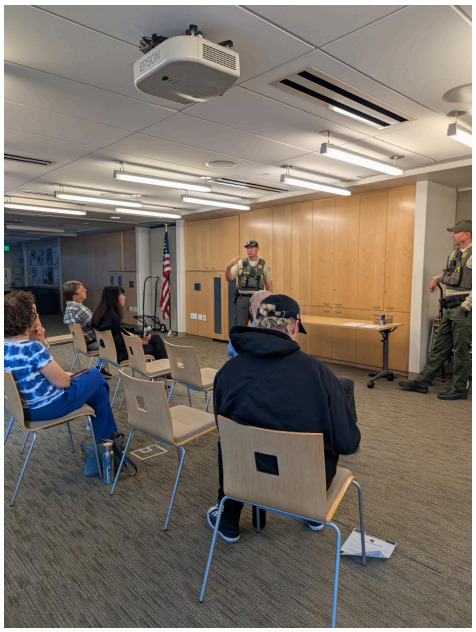

Contact your state representatives:

- Senator Ben Allen: (310) 414-8190
  Senator.Allen@Senate.CA.gov

- Assemblymember Jacqui Irwin: (805) 370-0542
  assemblymember.irwin@assembly.ca.gov

See SCE's Presentation **Register for the Meeting Link**

GET A LETTER OF AGENCY TO HELP PROTECT YOUR PROPERTY FROM SQUATTING & TRESPASSING

Property owners of burned properties, especially those without anyone on site, are strongly encouraged to file a Letter of Agency with the LA County Sheriff's Department. A Letter of Agency authorizes deputies to remove or arrest trespassers without the owner present, helping prevent crimes like trespassing and squatting.

On September 11, the City and the Sheriff's Department hosted a Protect Your Home Workshop at City Hall to share these best practices and assist residents with filing. With the conclusion of the Covered 6 private security contract in the Palisades Fire burn area, this step is more important than ever to protect your property and support law enforcement.

For more information, contact Senior Management Analyst Luis Flores at (310) 456-2489, ext. 236 or **lflores@malibucity.org**.

FIRE SAFETY

NFPA FIREWISE USA™ Residents reducing wildfire risks

LEARN HOW YOUR NEIGHBORHOOD CAN BECOME A RECOGNIZED FIREWISE COMMUNITY IN ADVANCE OF FIRE SEASON

Becoming a recognized Firewise USA® community is a great way to make your neighborhood more fire safe, and the City of Malibu's Fire Safety Liaisons can guide you through the process. This voluntary program from the National Fire Protection Association offers a simple, effective framework to help communities reduce wildfire risk. The City is proud to currently have 13 recognized Firewise communities, most of which got certified with the of Fire

Safety Liaison Bradley Yocum. To get your neighborhood involved, email Bradley at **BYocum@MalibuCity.org**. **Click here to learn more**.

GET A FREE HOME WILDFIRE ASSESSMENT TO BE READY FOR FIRE SEASON

Our Fire Safety Liaisons offer free Home Wildfire Assessments to help reduce your home's risk from flying embers during a wind-driven wildfire. Each 30–45 minute visit includes a walk-around and a no-obligation list of easy, often inexpensive steps you can take to harden your home. The City has conducted nearly 550 Assessments since the program was launched in 2019. **To book an appointment, click here**. Questions? Email **FireSafety@MalibuCity.org**.

CONDUCT BRUSH CLEARANCE BEFORE FIRE SEASON TO PROTECT YOUR HOME!

While the June 1 deadline for annual brush clearance has passed, it is still crucial to conduct brush clearance before fire season. It helps create the "defensible space" that firefighters need to protect life, property, and the environment. It is required by law, and non-compliant homeowners could face fines. For questions about brush clearance on properties with homes, please call LA County Fire Department Defensible Space Section at 818-222-1108. For vacant properties, please call LA County Agricultural Commissioner Weights / Measures at 626-575-5484.

VIDEO: HARDENING YOUR HOME FOR WILDFIRE SEASON PREPAREDNESS

Every Malibu resident has a shared responsibility to be ready for wildfires. Hardening your home improves its chances of survival, which should give you more confidence to evacuate when orders are given.

The City's Fire Safety Liaisons offer free Home Wildfire Assessments for residents – they'll conduct an exterior inspection of your home and give you a checklist of simple, often inexpensive steps to harden your home against flyer embers from wildfire, such as covering vents with fine steel mesh, boxing in eaves, double-glass windows, fire-resistant siding, and removing flammable materials away from the home. They also provide guidance on maintaining defensible space by spacing out plants on your property. Since 2019, they've completed more than 600 assessments — that's a lot, but it is just 10% of Malibu homes. We want to increase that number, so please contact the Fire Safety Liaisons today to schedule your free Home Wildfire Assessment.

PUBLIC WORKS

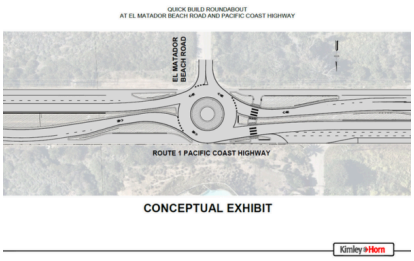

SIGNAL SYNCHRONIZATION PROJECT TO MAKE PCH SAFER NEARING COMPLETION

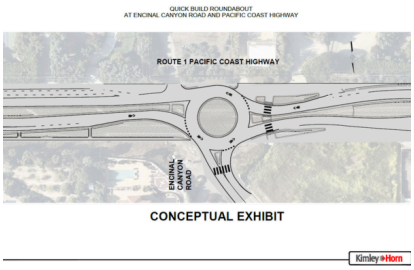

The City's most significant measure to date to improve safety on Pacific Coast Highway (PCH) is anticipated to be completed by the end of October.

The City's contractor has completed the majority of the work for this project and is wrapping up the remaining tasks to complete the project. The City, Contractor and Caltrans continue to work together to test the system and conduct a final inspection.

The project aims to improve safety and mobility on PCH. The project will make PCH a safer "Smart Corridor" by installing communication lines between the existing traffic signals on PCH from Topanga Canyon Boulevard to John Tyler Drive to synchronize the signals to existing traffic conditions. It will allow signals to be controlled remotely by the Caltrans Traffic Management Center to lower traffic speeds and reduce congestion.

See Project Details

CITY AND CALTRANS WORKING ON ROUNDABOUTS FOR SAFETY ON PCH

The City Public Works Department is working with its engineering consultant and Caltrans on the Pacific Coast Highway (PCH) Quickbuild Roundabouts Project at the intersections of PCH and El Matador State Beach and at PCH and Encinal Canyon Rd.

The project aims to improve safety and traffic flow on PCH by educing traffic speeds, improving safety for parking, pedestrians, and improving visibility. Construction is expected to start this fall.

PUBLIC COMMENT OPPORTUNITY: MALIBU CIVIC CENTER WASTEWATER PLAN

The Los Angeles Regional Water Quality Control Board will hold a public meeting to consider a tentative revised 2025 Memorandum of Understanding (MOU) regarding the prohibition of on-site wastewater disposal systems (OWDSs) in the Malibu Civic Center Area.

Thursday, October 23, 9:00 AM
320 West 4th Street, Los Angeles (Carmel Room)

Remote participation will be available

The meeting agenda and registration details will be posted about 10 days prior **on the Water Quality Control Board website**. Submit written comments by Friday, October 3, 5:00 PM by email to: **Jim.Kang@waterboards.ca.gov** (Subject line: "Comment Letter – Tentative Revised MOU Prohibiting OWDSs in the Malibu Civic Center Area")

For details and to review the tentative revised MOU, **click here**.

CLOVER HEIGHTS AVENUE STORM DRAIN IMPROVEMENTS

The City's contractor has completed installation of the new 48-inch reinforced concrete pipe along Clover Heights Ave, new catch basins, and new curb and gutters. The contractor is currently installing the decomposed granite and repairing the existing fencing in the cul-de-sac, completing final items, and will be performing final paving of Clover Heights Ave by the end of September.

COMMUNITY SERVICES

MALIBU PERMANENT SKATE PARK QUICKLY TAKING SHAPE

Most of the concrete work within the street section and bowl were completed last week. Crews are currently cleaning the surrounding area in preparation for grading and upcoming sidewalk work. Additionally, crews are starting to excavate for the new utilities.

The project is designed to provide a safe and modern space for the entire community to enjoy. This new Skate Park will feature street and transition elements including, stairs, rails, ledges, banks, a flow bowl, quarter pipes, spine, extensions, and waterfalls making it an exciting addition to our community's recreational spaces.

2025 JAKE KUREDJIAN CITIZENSHIP AWARD RECIPIENTS CAPTURE THE MALIBU SPIRIT

The 2025 Jake Kuredjian Citizenship Award - Recognizing Suzanne Guldimann, Andy Lyon, and Nick Shurgot.

Suzanne Guldimann, a lifelong Point Dume resident, has spent decades advocating for parks and open space while promoting recreation for the City of Malibu and other organizations. She served on the City's Parks and Recreation Commission from 2017 to 2024. Her knowledge of native landscapes, habitates, and

protected lands provided the Commission with an understanding of their role as stewards of Malibu.

Andy Lyon spent over 15 years advocating for the City to build a Permanent Skate Park. Mr. Lyon attended several City Council meetings to express his passion and determination for a world-class skating facility in Malibu. Mr. Lyon continues advocating for skaters of all ages and will regularly use the new Malibu Skate Park.

Nick Shurgot has supported various Malibu youth sports leagues while working with community leaders and City Staff to find ways to enhance the experience for families. Additionally, Mr. Shurgot devised a plan to improve Malibu Bluffs Park's baseball fields and amenities. He began upgrading the dugouts, improving field conditions, discussing the Snack Shack operations, and new building, and raising funds for future improvements.

AFTERSCHOOL PROGRAMS

Tuesdays, Wednesdays, and Thursdays
Beginning the week of September 8
3:00 – 4:00 PM
Webster Elementary School and Malibu Elementary School Open to children in grades TK through 5. Three different programs will be offered afterschool at the elementary school sites: Pickleball, Basketball, and Improv Acting. Visit the **Community Programs webpage** for additional details and schedules.

LEARN TO SWIM LESSONS

Saturday, September 20 - November 15
Malibu Community Pool at Malibu High School
Open to children ages 1-10, Learn to Swim lessons provide a foundation to staying safe in the water for beginning swimmers to those with some experience with an understanding of swimming basics. Visit the **Aquatics webpage** for a complete list of programs, schedules, and prices.

STAND-UP COMEDY WORKSHOP

Monday, September 29
5:00 – 6:30 PM
Malibu Bluffs Park
Complimentary

Designed for adults ages 18+, this workshop introduces participants to basic joke structure through writing and performance exercises. For more information, visit the **Registration webpage**.

SENIOR CENTER CRAFT

Thursday, October 9
1:00 – 2:30 PM
Malibu City Hall, Senior Center
Complimentary

Join Senior Center staff to create Halloween witch hats. RSVP required. Call (310) 456-2489, ext. 357 for details.

SPARK TALES - STORYTIME IN THE PARK "MONSTERS, MAGIC, AND MAYHEM!"

Thursday, October 9
10:00 – 11:00 AM
Malibu Bluffs Park
Complimentary

Storytime, snack, and art activity, in partnership with the Malibu Library. For more information, visit the **Special Events webpage**.

STUDIO SPOTLIGHT WITH JIM "TAZ" EVANS

Friday, October 10
10:30 AM
Malibu City Gallery at City Hall
Complimentary

Walk through the Malibu City Gallery with artist Jim “Taz” Evans and learn about his inspiration, art methods, and celebrity stories. Evans has worked in the music and film industry for decades, and produced numerous album covers, movie, and concert posters. An RSVP is not required. Evans’ work is on display through October 24. The Malibu City Gallery is open Monday through Friday, from 8:00 AM to 4:00 PM. Visit the **Malibu Arts Commission website** for additional information.

CAFFEINATED VERSE, OPEN MIC POETRY, AND FEATURED READERS

Saturday, October 11
11:00 AM
Malibu Library
Complimentary

Join Malibu Poet Laureate Charlotte Ward and featured reader Mary Ann McFadden, Ventura Poet Laureate at this complimentary monthly poetry event. Details available on the City’s **poetry website**. RSVP not required.

YOUTH BASKETBALL LEAGUE, REGISTER BY OCTOBER 13

Games: Saturdays, December 6 - February 14
Malibu High School Small Gym
$250

The Youth Basketball League is an excellent recreational opportunity for children in grades K-8 to learn fundamentals, sportsmanship, and teamwork. Volunteer basketball coaches are also needed! Players must register by October 13. Visit the City's **sports website** for League and registration information.

UPCOMING MEETINGS & EVENTS

SEPTEMBER 29
Adjourned Regular City Council Meeting – City Hall, 5:30 PM

SEPTEMBER 30
SCE Meeting on Wildfire Safety and Public Safety Power Shutoffs – City Hall, 6:00 PM

OCTOBER 01
Public Safety Commission Regular Meeting – City Hall, 5:00 PM

OCTOBER 06
Regular Planning Commission Meeting – City Hall, 6:30 PM
